TAKE BACK YOUR SEX

by Race Bannon

Sex! S/M! For the many years I was a fringe player in the S/M scene and not cognizant of an "S/M community", I spoke of sex and S/M in the same breath. For me, they went together like peanut butter and jelly or movies and popcorn. True, I certainly didn't always have sex during an S/M scene. But usually I did, and so did most of my S/M friends.

But things seem to have changed, at least from the outside looking in. For example, when at a public play party or an S/M club's demonstration, two of the more popular outlets for social interaction in our community, one will rarely hear sex talked about. You'll hear all kinds of references to sex "safety", but not much about the acts themselves. Safety issues are important. No intelligent person can deny that. However, the effort to stress safety in our community may also be slowly squeezing the sex (and for me, some of the excitement) out of S/M. I anticipate that the end result may be devastating on many fronts.

I believe most of the people first entering into the S/M scene test out their S/M desires slowly, moving from purely vanilla sex to sex with some kink thrown in. They do not separate sex and S/M so much as they consider S/M simply a different kind of sex. When a community tells such a newcomer, albeit unintentionally for the most part, that sex and S/M are different and somehow separate and distinct ways of playing, they do him and the community a disservice. They may push that person away from the scene because S/M may no longer seem as attractive as it once was and they may also deny the S/M community a potential member who might otherwise have been an important addition to our ranks.

Indeed, even the seasoned S/M veterans are affected by the trend. Often (and I mean often) I have heard an experienced S/M player bemoan the fact that they cannot have the kind of sex they want with their S/M at public play parties. And at those parties where sex acts are allowed, many feel intimidated that the others in attendance will somehow judge them negatively if they engage in such sex.

Something's wrong here, folks! I know that many of the no sex rules, spoken or

(CONTINUED ON NEXT PAGE)

OFF THE TOP

unspoken, are an accommodation to the authorities that may see our brand of play, if sex is included, as illegal. But if a community hears and experiences S/M amongst it's peers without references to sex often enough, I believe it may ultimately affect their play in private. And that would be sad.

The S/M community has undergone an escalated maturation process in the last ten or so years. Our play, as a group, has gone from mostly sex with some clumsy, kinky technique (admittedly, with some welcome exceptions) to a large group of people who now understand and are accomplished at safe, sane and consensual S/M technique. As with many cultural progressions, perhaps this has been the natural course the community should have taken to this point. I, for one, am grateful that my lover and I can find other hot men who can play in the S/M scene the way we enjoy. But many members of the S/M community are ready for the next step in this process — the integration of S/M into the full spectrum of sexuality options.

So where do we go from here? I'm not sure, but I do have some ideas.

The community has got to get honest about where sex (fucking, sucking, rimming, mutual masturbation, frottage, fingering, etc... and YES, kissing!) fits into our scene. I contend that the vast majority of people in our scene, even the most famous of Tops and bottoms, have "vanilla" sex more often than they engage in S/M play. Let's not build another sex-phobic closet for ourselves. Appropriate safety measures do not, for most people, mean not having sex altogether.

At play parties, where legal considerations are not an issue, give people more latitude in their play. Yes, enforce reasonable safety guidelines if you wish, but don't police adults on their sexuality. If possible, encourage players at such parties to feel comfortable if they want to have sex. Spell it out in the party guidelines if you can.

Private play parties with small groups of people who know each other may be a better alternative to generate an atmosphere where sex is judged less and encouraged more. Years ago, public play parties were rare and most of us who enjoyed group action got together in small gatherings at people's

houses. Personally, I miss those kinds of parties.

For those who speak and write about S/M, make an effort to be aware of your inclusion of sex in your presentations. Point out the safety considerations, but try not to judge sex negatively. This will give players in the scene more options and those new to the scene a higher comfort level.

Finally, it is ultimately up to each individual to do what they want regardless of what others think. If you want to tie your bottom up and then suck his cock, do it. If a scene is more pleasurable for you if you and your partner fuck during it, great! Take back your sexuality. And for those who choose not to combine their sex with their S/M, fine. But please don't judge others that do.

It matters not what I think about the way others play. As long as players have made the determination that their play is safe, sane and consensual, according to their own personal guidelines, it's really none of my business. However, American society has already made sex a "dirty word". Let's not do that in the S/M scene, as well.

CONSTRUCTIVE CRITICISM

Dear Men of Drummer,

I have been reading your magazine for years now, and have never taken the time to simply say "Thank you" for all that you do.

It's a great publication. I enjoy it immensely and look forward to each new issue.

Thanks for all your hard work. Keep it up!

Dear Mr. Wonacott,

First, I want to say that I was surprised to hear from you regarding my comments for not to renew my subscription to Drummer.

On your stories, most of them seem to be the standard "suck and fuck" - no S&M or bondage. If you have stories like the ones in "Bound and Gagged" would help.

Also, the pictures of plain naked bodies are boring. You need to have bondage and leather with your bodies.

Last, in the classified ads, I wish you would put the city in the ad that use the "LF numbers". I like to write to people in my area and places that I go on vacation.

I hope my comments help a little bit.

Sincerely,

K.B.

We appreciate the "specific points" and will continue to increase

the number of stories and photos with Leather/SM as well as more "hot and sexual". Got a potential model in mind?

ALL ABOUT SCOTT

Dear Editor &

To those who beat to a different drummer,

I just received issue #162 of Drummer. You have really outdone yourselves with coverman, Scott. He is truly magnificent. I would love to touch him and end up completely and totally wet and spent. I respect him for being open about what he likes and I might add your portrayal of him in this issue is legendary. He's a super great guy and should be proud of it. I would grant his every wish.

I'm 43 years old and have always beaten to a different drummer. I have not allowed myself to believe this until now. Over the years I have bought Drummer Magazine because, I like what it has to offer and now I believe in what it says. Now I subscribe and will continue to do so. I'm only sorry that it took so long to realize what I truly am.

When I saw Scott (He's really Hot!!) on the cover of your magazine I came immediately. When I saw the spread, I knew the time had come to admit that we had something in common and that is we are not alone. There are other people who enjoy difference as I do.

I have always been attracted to men, since I was eight years old, and, now, not only am I proud of it, but I wish to expand it and grow.

I entertained the bar scene and made acquaintances who tried to talk me out of my leather, etc. fetishes. I acquiesced, to fit into the crowd, by not talking about it. Now, I accept it, it's what I want. We are different and thank God for that.

Let Scott know that I admire and respect him for what he is about. Tell him that I will pursue the difference and hope he continues to do the same.

Finally, thank you for your magazine. Thank you immensely for introducing me to Scott. He's truly special, and thank you most of all for helping me find me.

T.S.

Abington, MD

Dear Editor,

THANK YOU!!

Issue 162 was great. I have not seen quite an issue in a long time.

Let me also add a big WOOF!! for that rubber stud, Scott!!

I've got some rubber that would hold him in good and tight!! (Please pass along my personal info to him)

So keep up the good work. You're headed in the right direction!!

THE HOT HOUSE 1981:

My Rite of Passage

By Bud Harwood

Illustration
By Ray Schulze

The year was 1981

At age 32, I finally got into leathersex, and turned my long-standing S&M fantasies into reality. In prior years, I had hesitatingly worn a leather vest and boots to Folsom Street bars, drunk a buddy's warm recycled beer out of a can, and been tied up as a leatherman, stretched my balls and put clamps on my inexperienced nipples. Likewise, I had filled an empty beer can with my piss, and then watched a stranger at a bar greedily drink every last drop. And had fisted a few guys, an ecstatic union that I didn't quite understand yet

In those years however, my sexual fantasies were much more advanced than my reality. I had been jerking off to Target and Colt photographs for years. Muscles. Mustaches and beards. Leather. Boots. A smoldering sexuality. A hint of S&M

For more advanced S&M fantasies, I read the classifieds in each issue of *Drummer* over and over again. These liberated leathermen were doing what most other gay men only thought about, or jerked off about. These were leathermen who knelt down before another man in submission and licked his boots, and really meant it... Men whose dicks suffened and got hard as they slipped clamps on their buddy's oversized nipples and got off on his gasps of pleasure and pain... Men who took turns working over each other's chests and

butts with leather belts, waiting for the other guy to break first.

In 1981 I had moved from San Francisco to Los Angeles. Sure, I could find leathersmen in Los Angeles who would transform my kinky fantasies into reality. But San Francisco, with its ramshackle South-of-Market bars and men who boldly wore leather all year long, seemed like a better spot for a novice like me to finally achieve my S&M rite of passage. Besides, one of my best friends in San Francisco—"Big Paul" as I called him—was always eager to take me to the South-of-Market bars or invite me to one of those private bath house parties.

Paul was a familiar figure around Folsom Street, intelligent, personable, and a huge 6'4" bodybuilder with a thick nine-inch dick. And Paul certainly knew what he liked—hours of being fistfucked in a sling or a man pounding on his huge chest with gloved fists or a leather belt. What's more, Paul often "played both sides of the street", being as good a Top as a bottom.

In 1981, Paul invited me to the "Construction Party" at the Hot House. "The place," Paul told me enthusiastically over the phone, "is an old hotel on Fifth Street near Folsom that's being converted into one of San Francisco's hottest—and kinkiest—bathhouses. Why don't you come on up here that weekend, and let's go have some fun?"

With an invitation like that, how could I resist?

When Paul and I arrived at the Hot House that night, I didn't find any wall to wall carpeted hallways and sanitized bath house cubicles. No deafening disco music either. And no elaborate snack bar or fern draped hot tubs.

The Hot House consisted of a few dozen private rooms on several floors, some small cubicles open to anyone on first-come first-serve basis, and several public fisting areas. At this party, there wasn't any music at all. The only background sounds were leather boots tramping down the wooden hallways, men moaning with pleasure, and the occasional smack of a leather belt or whip on bare skin.

Leaving Paul in one of the public slings where what he later described as a "blonde, bearded, hairy chested Viking Man-God" plowed him for hours, I started to patrol the hallways, savoring the macho mood of the place and looking for action on my own. I had taken off my shirt, in order to show off my arms, chest, and slightly enlarged nipples. Like many men at the Hot House that night, I was wearing faded blue jeans and well-scuffed black boots.

After wandering around the two lower floors, I decided to return to the top floor. At the end of the head of the old wooden stairs, I spotted my "type" leaning against the wall, wearing Levi's and boots just like me. In a split second, I liked what I saw: a handsome well-built man of 35, about 5'10" tall, with brown curly hair and a thick moustache, well-muscled arms and chest, firm rounded pecs covered with curly brown hair, and a mischievous smile. What really caught my eye were his erect oversized nipples.

As I reached the top of the stairs, the man smiled at me. I smiled back at him, then walked over and stood beside him. After less than a minute of introductions and small talk, Don invited me into his room. I followed eagerly.

Once inside, we grabbed each other, as if we had found what we had been searching for all evening. We buried our tongues in each other's mouths hungrily. And just as hungrily, we explored each other's muscular bodies, rubbing our hands up and down each other's shoulders and arms, feeling each other's firm butts, and groping each other's stiff cocks which felt as if they were trying to break through our worn 501's.

But Don and I were most excited by each other's chest—Don with my lean, muscular, hairless chest with nipples that were just starting to show the results of suction cups and tit clamps, and me with his firm, beefy chest covered with curly hair which wasn't thick enough to hide the biggest, fattest, most enticing pair of nipples I had ever seen.

Almost hypnotized, we rubbed the palms of our hands across our hard pecs, gently stroked each other's nipples, then took each other's nipples between our thumbs and forefingers and slowly worked them to arousal.

Years of my sexual fantasies were becoming reality. I couldn't make up my mind which I wanted more—to see this hot man surrender himself to me, showing me the kind of bottom pig he had to be in order to have such big swollen nipples. Or to have him

dominate me into total submission—using my nipples as the focus of a pain and humiliation trip, working them until they got as big and hungry-looking as his.

Don said very little, and the room only had a double platform bed—no leather, whips, dildoes, or Crisco in evidence. So, I couldn't figure out what he was after.

After we shared a potent joint, he suddenly dropped to his knees, took one hand off my chest, ripped open the buttons on my 501's, pulled out my swollen dick, and started working his mouth over it as I kept kneading his huge fleshy nipples with my hands.

The harder that I worked Don's nipples, the more frenzied he sucked my dick. Well, I thought to myself, it looks like I'm going to be the Top tonight. Relying on my limited experience, I summoned up my best macho attitude.

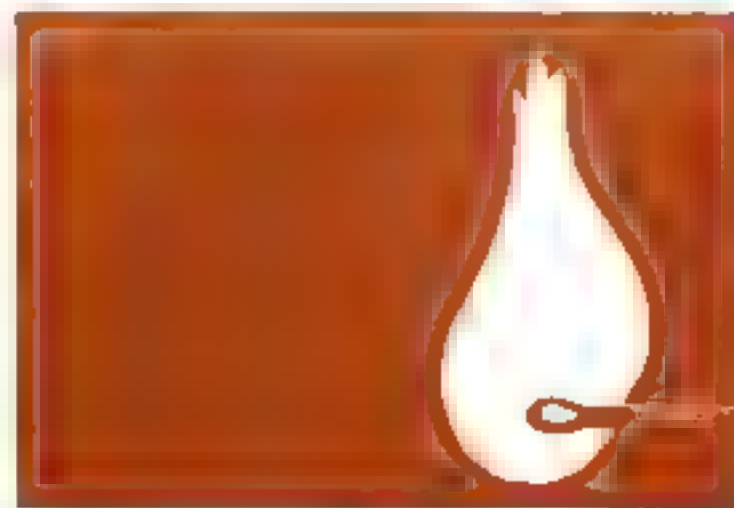

"Come on, hot fucker," I growled. "Do a good job on that dick, and I'll spread the word around to my buddies here. Before the night is over, this whole fucking place is gonna know what you want. It won't be any good trying to pass yourself as a macho stud."

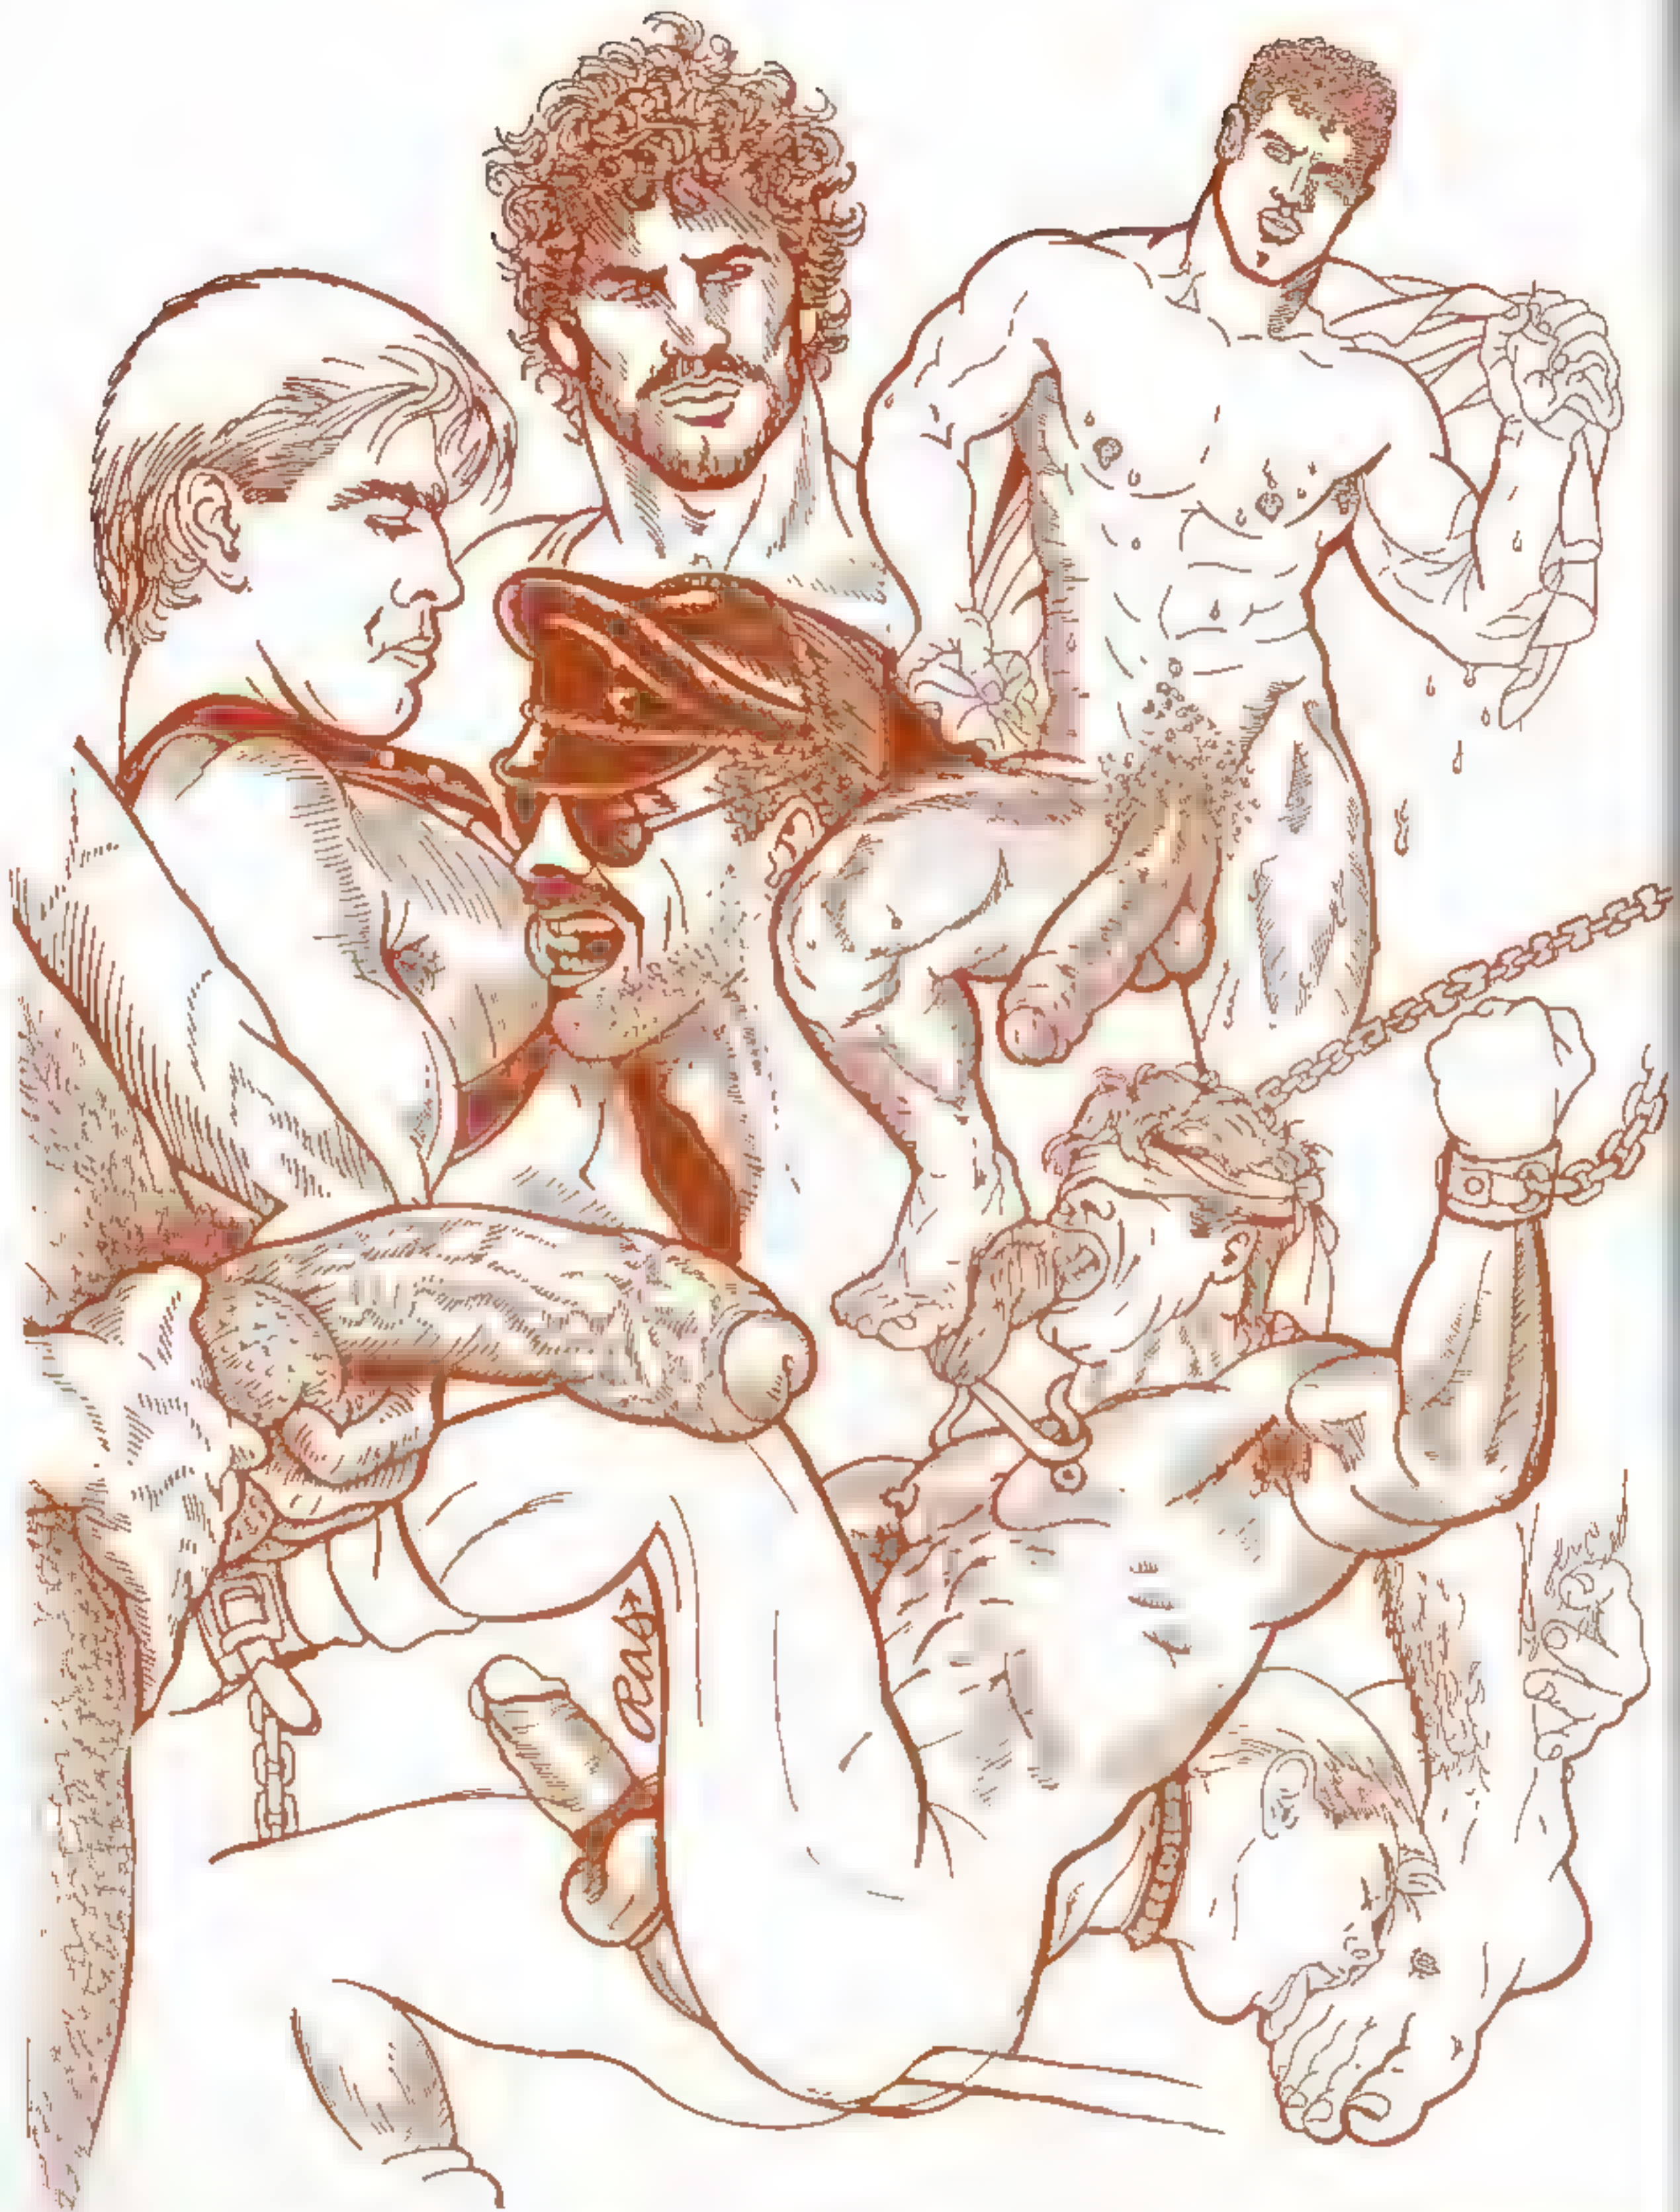

That was the wrong thing to say. Or, as it turned out, it was the right thing.

Don's mouth suddenly dropped my dick. He slapped my hands off his nipples. Then, he suddenly stood up and skillfully clamped his hand around my neck. Boring his eyes into mine, he spit in my face.

As the spit stung my eyes and ran down my chin, he grabbed my hair and jerked my head down. Through my burning eyes, I could see enough to make out his other hand wrapped around a thick-veined dick that dwarfed my own, not so much in length as in thickness.

"See that, fuckface?" Don snarled through clenched teeth. "That's what happens to my dick when I get mad. No punk like you is gonna spoil my reputation. This is the only dick that counts

tonight, and you're real lucky that I don't kick your ass out of here and pick up some other pretty boy to feed it to."

"But you and your nipples and butt need a serious lesson," he continued with a wicked grin. "By the time I'm through with you, you're the one who's gonna get the reputation as the piggish bottom here...if you don't already."

Next thing I knew, Don spun me around, ripped off his belt, and tied my arms behind my back. Pulling a black handkerchief from his left butt pocket--I hadn't seen that before--he blindfolded me and shoved me down onto the bed. I felt my boots being unlaced and pulled off. Next went my 501's, leaving me bare-assed and naked except for my bootsocks and my leather cock ring.

I heard a bag being unzipped and stuff being thrown on the bed. Now I was starting to get nervous. I'd heard novices like me being carried out of South-of-Market baths after meeting up with more than they bargained for.

I tried to get up, saying "OK. You win. You're the only man here tonight. Maybe you ought to find someone else, someone more experienced."

But that didn't work. Without saying a word, Don shoved me back onto the bed, unbound my wrists, flipped me over on my back, and started tying my arms one by one to iron loops at the corners of the bed. I hadn't seen the loops before either.

I tried to fight him off, but got slammed across the face for my efforts. "Shit," I thought. "This guy is serious."

I started to cry out but got slammed again, and then something foul-smelling was stuffed into my mouth. Still blindfolded, I couldn't see what it was. But from the foul taste, I knew that it was one of Don's sweaty, piss-stained jocks.

The foul stench filled my lungs, acting like a drug making me forget everything but the pleasure it gave me. Besides, it was useless to struggle with this man, whose skill and determination at being in charge outdid anyone I'd come across before. And maybe I didn't really want to resist what was happening.

Then, totally submissive, I felt restraints fastened around my ankles, butt lifted in the air, my legs spread eagle, and each ankle tied to hooks on the top frame of the bed. Next, clamps bit into my

nipples and were tied with leather thongs to my cock and balls.

At once, I realized what a devilish bondage scene Don had forced me into. If I raised my butt, the thongs slackened and the pressure on my nipples eased off. If I lowered my butt, the thongs tightened, and incredible pain filled my body.

Spread out, half hoisted into the air, half doubled over, my dick and balls tied to my nipples, blindfolded and gagged, I felt nothing more from my tormentor. But I could hear him on the other side of the room getting undressed, and then getting dressed again.

"Shit," I thought. "He's gonna leave me in here, strung up until morning when they're rounding up the diehards to close the place."

I heard the door open and felt air blowing on my exposed butt. "That fuck did leave," I thought, breaking into a sweat. "Now, everyone is gonna see me through the open door and think I set myself up like this. I'll be fair game for everyone who takes a fancy to my butt."

Suddenly, I heard someone walking towards me. My entire body stiffened up. My hard dick started bouncing up and down, dripping with sexual excitement and fear. Someone started to gently stroke my butt, moving from cheek to cheek, running his fingers up and down my butt crack, pulling the hairs surrounding my hole, patting my hole, and tracing the outline of my ass lips.

I tried to convince myself that the calloused hands belonged to Don, that he hadn't left me all alone with my butt exposed to any stranger that walked into the room. I drifted deeper into an overwhelming sense of peace and trust, gently rocking my butt back and forth to pull at my nipples. Even if this was someone else, someone I passed in the hallways of the Hot House earlier that evening without noticing, I soon didn't care.

After the stranger gave me a long hit of poppers, my nipples came alive with stabs of pleasure and pain, and each caress of the calloused hands on my butt sent lighting bolts of hunger pulsating deep inside my hole. Nothing that felt this good could be bad.

WHAM! My body jerked violently, almost pulling my nipples off my chest. My eyes bugged behind the blindfold, a scream died in my throat, unable to get past the foul jock strap gag in my mouth. Pain from my nipples stabbed into my chest and shot down to my torso to meet up with the other pain shooting up through my hips into my gut from the leather belt that slammed across my butt.

No! Please! This isn't me, this isn't what I want," I silently yelled. "This can't be the same guy who was caressing my butt a minute ago. This is someone else.

I was starting to panic. "This has got to be someone else, one of those heavy duty sadists who search out willing--and unwilling--"pain bottoms" That is what I must look like trussed up here."

Silence. My ears strained to hear any sound that would prepare me for what was coming next. Waiting, anticipating, my entire body jumped when I felt grease being swabbed up and down my butt crack. Plastering everything from my butt hairs to the deep muscled wall of my cheeks. One finger, then two, started to stretch open my hole, shoving globs of grease knuckle-deep inside. The smell reached my nose.

"Crisco!" I moaned into my foul-smelling gag. "Shit! I don't want to get fisted! Never have! He'll split me open! Where's Don? He wouldn't have left me like this, if he thought this would happen. But I did make him mad. He said he'd teach me a lesson. And I guess he did.

Suddenly, I felt something hard pressing against my hole. Pushing. Trying to break through against my efforts to close my ass. "Not a finger or a dick, though," I realized. "Rubber, but not dick shaped. A butt plug! Relief for now. Sometimes I wear a large one around the house for hours. Sometimes, I even wear a butt plug out to bars when I get high and my hole is really buzzing."

I relaxed a little. Not too much, though. I wanted this guy to think I was tighter than I really was, so that he would forget any ideas about settling a fist in there.

My ass lips were really stretched. The stranger gave me some poppers, and I heard him sniff deeply from the bottle too. Then he started shaking the butt plug, revolving it, moving it back and forth, teasing my man-hole.

Now I was getting into the scene. I started rocking my butt to pull on my nipples again. More pleasure and pain. And I wanted more. I really wanted my ass and nipples to be worked over, to feel another man's power over me.

YEOW! The guy suddenly rammed the butt plug all the way in. WHAM! A leather belt bit into my butt again. And again. And again.

My body shook violently each time the belt slammed across my butt. And each time, pain shot through my nipples. I fell off my cloud of ecstasy into an abyss of pain.

My teeth bit into the foul smelling jock gag. My hole grabbed involuntarily at the butt plug. My nipples and ass felt like they were on fire.

"Were there two leathermen in the room now?" I wondered. "The one who treated me so good as he massaged my butt and expertly teased open my hole with the butt plug. And another who was inflicting such pain on my nipples and ass, teaching me that being a man's bottom meant total mental and physical submission."

The strapping stopped as suddenly as it had started, ironically just as the intense pain on my nipples and ass was turning into pleasure and my dick was getting rock hard again. "What's going on?", I wondered. "I'm really starting to like this abuse."

Silence again. "Someone's in this room, though," I realized.

"Walking around towards the head of the bed, probably inspecting me like a piece of meat. But why wasn't this guy saying anything?"

"Someone's climbing on the head of the bed now," I thought. "I can smell leather." Then I caught another scent. Heavy, musk-like. My confused brain tried to remember what it was, where I had smelled it before. Something was tickling my nose. Like wirey hair. The scent was stronger now, an exquisite man smell.

Man-butt. Some leather man was squatting over my face, grazing his hairy ass crack back and forth on my nose! Pushing down now, forcing his hole on my nose! I couldn't breathe, but it didn't matter. I buried my nose up his ass lips, rubbing it back and forth, in frenzied circles, nose fucking his hole trying to extract every bit of clean hole smell.

My tongue ached to get where my nose was. To taste his man-hole, but it was useless. In the past few hours, Don's "piss strap" had wedged tighter into my mouth from all the chewing I'd been doing on it. I started to feel light-headed from lack of oxygen, but kept rocking back and forth to satisfy the hunger in my nipples, giving myself that combination of pleasure and pain, as I reveled in my helplessness and my latest act of total submission--having my breath controlled by a man's jock jammed in my mouth and a man's ass squatting on my face.

Just as I felt myself passing out, the guy lifted his hole off my nostrils. I felt his dick being slapped on my face as I got some air into my bursting lungs. But not for long. He cut off my oxygen again, but this time with his ballsac and the shaft of his dick, covering each of my nostrils with one of his balls and running the underside of his semi-hard dick under my nose.

Air or no air, the smell of his shaft and balls were driving me nuts. No hint of soap, just that pure man-smell mixture of stale piss and sweat, as if he hadn't washed for days.

Behind my gag, I begged incoherently for him to free my mouth so that I could taste his ballsac and dick and work on his floppy meat until it got hard. This guy must have read my mind, because he started slapping his dick on the jock strap and teasing my mouth by making a hollow in gag for the head of his dick.

Desperate to prove my submission, I moaned and rocked back and forth to let him know that I wanted his dick and to show him the abuse my nipples could take. "He's gotta want his dick sucked," I thought. "In a minute, he'll pull out the gag and start face-fucking me."

Wrong again. The next thing I knew, something was dripping down my throat, soaking the jock gag.

Piss! The guy was peeing in my mouth! Flooding my mouth with piss! I swallowed hard to keep from choking, tasting the sweet-bitter taste of recycled beer. And as I kept gulping, he started working my clamped nipples, rubbing the distended tips between his fingers, pinching them, squeezing down on the clamps, pulling on the leather nipple leashes as piss kept pouring through the gag down my throat.

Rocking steadily to increase the nipple pain, I squeezed and chewed on the end of his dick through the jock, trying to drain every last drop out of him. "Piss taste, nipple pain, and a butt plug" I thought. "I never want this to stop. Never want to stop taking his piss. Never want the pleasure and pain on my nipples to end."

Suddenly, the stranger took his hands off my nipples. The piss flow dried up, and

he lifted his piss hose out of its jock nest.

I felt the guy get off the bed. I heard his heavy boots leaving the room. Then, silence again. "How could this guy drive me crazy and leave me without getting me off?" I was so fucking close that I could feel the pre-cum dripping out of my swollen dick-head onto my stomach.

But soon I realized that I didn't want to shoot the load backed up in my dick. Driven wild by my nipples, my butt, and my repeated humiliations, I wanted everyone in the Hot House that night to use me in whatever way they wanted--each to have his turn at me and to satisfy his desires, including any of them I'd ignored during my earlier search in the hallways and even friends of mine who were here and, hopefully, would never tell me what they had done.

Sounds again. Movement in the room. A bottle of poppers was shoved under my nose again. Then, the palm of a hand pushed the butt plug deeper into my ass. Fingers grabbed the flat stopper sealing my hole, yanking it out-pulling my ass lips out with it, ramming it back in along with my greasy butt fur, yanking it out, ramming it back in...over and over again, fucking and stretching the rim of my butthole, swelling my ass lips...as the hand yanked on the leather nipple leashes, once again shooting waves of pleasure and pain through my chest.

Then, the plug was removed, leaving my hole vacant, and I felt metal studs and leather pushed against my swollen ass lips, biting into my beaten butt. A cod-piece! Another leather man! I conjured up a fantasy of every Colt and Drummer leatherman I'd ever seen in photos, every leatherman I'd seen in bars.

Something new was sliding up my hole. Flexible and hard. A dick! Poking in and out, massaging my swollen ass lips. Snaking up inside. Deeper. Pulling back, plunging and plowing deep again. Rocking back and forth. A jackhammer breaking open my butthole, excavating it. A thick dick fucking a pighole, a rough-rider pulling and yanking the reins on my nipples.

Animal growls filled my throat as I sucked the remains of the beer piss from my jock gag and chewed out the piss and sweat smell of the man who'd tied me up for this series of humiliations, then deserted me.

This new leather man was pounding my butt harder and faster, pulling his dick out and ramming it back in the gaping pig hole that now stayed open to receive his thrusts. His leather chaps slammed against my belt-burned butt cheeks. His man-sweat dripped onto me. Then I heard the first human sounds since I'd been deserted hours earlier. This man was moaning, as he poured all his strength into the shaft of his rock-hard dick.

Pushed into ecstasy by this man, I chewed on my piss-soaked, sweat-smelling gag feverishly. My nipples pulsed with pleasure, as he yanked at their nipple leashes. I knew my dick would explode with out being touched as soon as I felt this man's final thrust.

Moments later, the swollen head of his dick shuddered deep in my hole, and emptied its fiery load. My dick followed seconds later, letting loose spurts of cum all over my chest and shoulders.

I was still shaking from this orgasm as this man unclamped my nipples and fireworks exploded across my chest. His dick slowly grew soft in my butt and the trembling of my body slowed, helped by the gentle massage his hands were giving my swollen tits.

After hours of abuse, my hole was too loose and sore to hold onto his dick any longer, and it slid out. Then, I felt the jock gag ease out of my mouth and my ankles and wrists loosened from their leather restraints. Last of all he removed the blindfold from my eyes.

My eyes fought to become accustomed to the dim light. I squinted up to see what my latest Top looked like. The man who had just used me was my ultimate fantasy come to life. Head to toe in leather. Cycle cap, vest, chaps, studded codpiece, boots, armbands. Mirrored glasses hid the man's eyes but his mouth held a secret knowing smile. And I recognized the thick moustache, the muscular shoulders and arms, and the hairy chest with its oversized nipples.

Don! He'd come back for me. Or had he never left? Which?

He stepped aside and turned his head, nodding for me to follow his gaze. The room door was wide open, and a dozen men crowded outside, looking in, pulling on their dicks. On the door was a sign: "Private Property. Keep out."

Don turned to me and smiled. "See prettyman! I told you that you'd be earning the reputation as the biggest pig-bottom here before the night was over, that your nipples and butt would get some serious training. You had the only man here that counts. And you had him all night."

He walked over, took down the sign, and shut the door. Holding the sign, he came back, knelt before me, and kissed my fresh fucked hole and ran his tongue over my reddened butt. Then, lifting my head up, and he hung the sign around my neck so that it rested on my chest.

Don laid down on the bed next to me, moved his head down, and started sucking the swollen nobs on my chest. As sounds of contentment came from deep in his throat, I put my arms around him and held him tight. At long last, I had finally let go of my inhibitions that night, and finally achieved my rite of passage into the leathersex world of S&M.

After lying together in our sweaty and greasy embrace, Don and I reluctantly took showers, exchanged telephone numbers, saying goodbye.

The next day, I returned home to Los Angeles, but my memories of Don did not diminish. I knew that my night at the Hot House had marked a turning point in my life's sexual journey. Night after night, I jerked off recalling our passionate hours together and wanting more.

Ten days after that memorable night, I finally called Don, and said that I was going to visit San Francisco the following month and wanted to take up where we left off. In his deep sexy voice, Don was quite enthusiastic about my upcoming visit and promised "some interesting surprises".

But my upcoming surprise was not what I had anticipated in my subsequent nights of jerk-off fantasies. When I called Don a few weeks later, his telephone had been disconnected, without a forwarding number. What had happened to Don, the hottest man I ever ball'd up to that time? I was so eager—let's be honest, desperate—to experience more S&M with Don that I asked "Big Paul" and several other San Francisco friends if they knew this man, or where he moved. No one even knew who he was.

Driven onward by my passion, I called the San Francisco directory operator several times in the following months in hopes of getting his new number. No such luck. I even tried Los Angeles, Chicago, and New York. Hey, where else would such a hot man move? Again, nothing.

I never saw Don again. Maybe, it was better that way. No matter what "interesting surprises" Don had in mind for our next get-together, how could he have ever equaled that night of turning my sexual fantasies into realities? For that incredible gift, however, I will always remember that sexually remarkable man and our hours together at the Hot House.

From my conversations with the author, this night of passion, his "*Rite of Passage*" really happened. It reminded me of my own passage into Leather/SM. I know Bud and I are not alone. Write me with your "*Rite of Passage*" experiences and I will share them with our readers in future issues.

DRUMMEDIA

Foreign Friends and Good Neighbors

by Joseph W. Bean

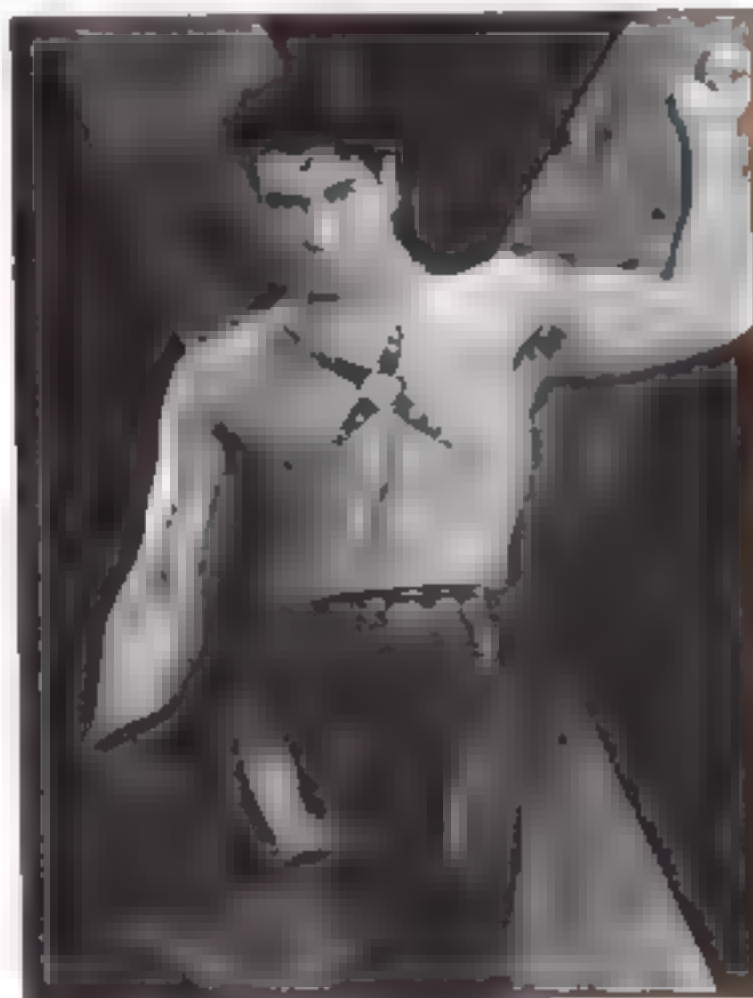

Two years ago, in an issue of *Drummer* devoted to Europe's dungeons, its men, and its magazines (#147), I wrote "A European Media Sampler" for *Drummedia*. I wouldn't attempt to repeat that, and if a serious update is in order, the new Euro-management of *Drummer* could get a more comprehensive review than I could give you. Nonetheless, I have to tell you again about what I consider the best of Europe's sex mags: *Mr. SM* and *Toy*. *Toy*, it seems, clicks on month after month and year after year, much the same, which is hot. It's 64 pages of sleaze, good power-exchanging, leathersexual, down and dirty sleaze. What does that leave for *Mr. SM*? Nothing new, exactly. All the publishers (same publishers for both mags) could do was make *Mr. SM* the same, only more so. Hotter guys in heavier action getting down deeper into the sex and the slime and the pain and the power. And these publishers have been at it a long time! *Mr. SM* #76 is the first quarterly issue of the title's 22nd year. *Toy* is now past #106. Both mags are reached at the same address, and they do accept US subscribers. But, in order to deal comfortably with the exchange rates and such, just send them your credit card information

Falcon's "Hot Pursuit"

(name, number, expire) and the number of issues (6 or 12) of each title you want to order. You'll be glad you did.

So those are the foreign friends mentioned in the title. Now the good neighbors category: Last winter (*Drummer* #159) I told you in this column about the new *Mr. S Catalog*. "What's outstanding," I wrote then, "about the catalog, other than the merchandise, is a playful passion expressed in all the product shots..." Brace yourself for *THE Catalog Part Two*. Something like five months later than promised, and more than twice as big as planned, Part Two is now out. The product photography by Richard Hunter continues to be playful and

Falcon's "Shadows In The Night"

passionate, the selection of products continues to boggle the mind of the ordinary leather-human, but this time Hunter went way over the top. Taken together, Parts One and Two of the *Mr. S Catalog* (incorporating Eureka Leathers, Eagles Shops, and Fetters) has a total of 160 pages, nearly 900 photographs (some of them in a five page collage of hot guys in action in the middle of Part Two), and so many products, I pity the people who have to handle the mail orders (and I am one of them!). For \$15.00, the pictures alone would be a bargain. The catalog is almost a bonus. To get the complete catalog, send \$15.00, postage included in the USA, to Mr. S. Leathers, 1779 Folsom Street, San Francisco, CA 94103. Or call, with Visa or MasterCard,

Falcon's "Shadows In The Night"

(415) 863-7764

Other neighbors. Falcon Studio is a neighbor, a good neighbor of *Drummer*. But... do you ever feel like I do... sort of, why don't these guys at Falcon wake up and smell the sex steam? The last year or so, there have been promising signs of sex life at Falcon. Promising, not totally reassuring signs by any means. Two of their latest tapes hint

—one more vaguely than the other—that they've discovered the perfumed pleasure of the ass crack and the hairy pit. Don't get too excited. We're still talking Falcon here, and fans of Falcon's pretty boy aesthetic are certainly not going to be disappointed.

The Falcon tapes in question are *Hot Pursuit* featuring Horse-Hung David Montana and *Shadows in the Night* starring the usual crew, led by Kris "Realistic Supercrack" Lord. You'll find more interesting skin colors in both of these than in your usual "off the rack" Falcon Videopac. And, in *Hot Pursuit*, the guys go to and play in real San Francisco haunts like the Pit a cool, dungeon-like bar, Blow Buddies, a hot sex club, and the Detour, the hangout of the young, leather-inclined crowd. There are traces of facial hair (traces!), a few small tattoos, and a few balls that may not have been Naured the day of the shoot, but it's still Falcon fuck-suck, which will be reassuring to someone.

The other Falcon title, *Shadows*, is better. There is a story you could almost notice about a guy having a fantasy of leathersex so powerfully that it almost disturbs his sleep... Then, maybe, in the end, he's going to get it. There's a glimpse of bootlicking, but only in a dream (isn't it?). Some guy spits on another, doesn't he? But there's a

fisting scene—so Falcon—clean it seems impossible, but real! Hmrm? Maybe things really are getting a good deal better at the neighbor's place.

Get this transition: Speaking of Falcon, several Falcon "stars" are interviewed in the strange and interesting new book *Sorry I Asked: Intimate Interviews with Gay Porn's Rank and File*. Is Scott O'Hara rank and file? Is Jeff Stryker? Well, but not Scott Hogan and Craig Slater (of Falcon's *Abduction* fame). Well, rank and file or... not, the guys in these 48 interviews provide a bizarre and compelling look at what goes on inside the heads that seem so certainly empty. First, most of them—it turns out—

MR. SM Magazine

are more empty and less significant than you guessed. Second, some of them are as smart and interesting as you'd always hoped. But finally, the intelligence of the boys and men being interviewed is not the power of the book. Maybe the intelligence of interviewer/author Dave Kinnick is not really the issue either. Stiring things surface in these interviews which, like the best passages of heavily philosophical tomes, move you to think about the big questions, The Big Questions. The ending lines of the last two interviews are perhaps the perfect examples of the range of the book. Karl Thomas who did Catalina's *Brother Trouble* videos and two for Falcon, including *The Big Ones*, is asked what he wants now that he has bought cars and homes and dogs (and is planning a tattoo). "I can never have enough underwear." Darryl Weld, who did the sleaziest of videos for the least respected producers in the industry, is asked if he will continue to do porn videos: "I don't know. I've done it for less. I've done all this for less." (Less than what Darryl? But, Darryl is no longer with us.

We can't ask.) *Sorry I Asked* by Dave Kinnick is published by Badboy at just \$4.95. (Will I ever cease to be amazed and pleased by their prices?) Some of the interviews are distressing—like the interview of Scott O'Hara which never appears, despite publicity and a chapter head. Oh well, even Dave Kinnick can't have it all.

Say, how about more good neighbors? Parkwood Publications in Los Angeles is finally up and running. They bought *Foreskin Quarterly* from Desmodus about a year ago, and have now come out with their first issue of the title, *FQ 14*. It's right up there with the best of the fetish mags, and easily the best *FQ* ever. Their own special interest title, *RoundUp: The Gay Western and Rodeo Magazine*, is also excellent. Rodeo and Western gays, male and female, will be thrilled with this one. Just about every gay publisher in the country has toyed with a rodeo mag, now it's done, and it's being done very nicely. Square dancing, clogging, rodeo, and the whole related lifestyle is covered in *RoundUp*... hot stuff! Soon, maybe before this Drummedia reaches you, Parkwood will also have issued the first number of *LeatherMan Quarterly*—exactly what that title covers is hard to guess, but if *Leatherman* takes its territory as seriously as *Foreskin Quarterly* and *RoundUp* take theirs, it's going to be a very fine leather mag. Parkwood is surely taking subscriptions for all three titles—*RoundUp*, *FQ*, and *Leatherman*—so you'll want the address Parkwood, P. O. Box 2029, Hollywood, CA, 90078. Or call, (818) 898-1807 for details.

Last Minute Disclaimer: I wouldn't want you, a loyal reader of this column, to discover anything unsavory about me. So, I should do some up front admitting for you Number One, I did the last several weeks of work on the Mr. S. Catalog (part two) reviewed above. Number Two, I have done some consulting with Parkwood, and am the named (even if not deservedly so) Senior Editor of *RoundUp Magazine*, as I will apparently be in the future for *FQ*. And, to clear the air completely, my slave warren is also doing work for both Mr. S. and Parkwood... and isn't that a surprise?! A man and his slave both getting work done for the same projects, hmrmrm?

ROUGH STUFF

Cruising the Classifieds

by Jack Rinella

One's first venture into the world of Leather is often filled with mystery, doubt, and excitement. We all remember (and sometimes still experience) the rush of emotions, both exhilarating and foreboding, that we felt when we found our first copy of *Drummer*, read our first first/hazing story, or walked into our first leather bar.

Finding one's place in the SM crowd isn't an easy task. One of the questions I most often get asked is "How can I meet someone?" There's no pat answer, of course. But there are ways to go about it. The popularity of classifieds proves that more than one of us reads them, searching no doubt for the perfect Top or best boy.

There's more to the classifieds than filling in the little boxes and sending in your money. A whole language, culture, lifestyle, and artistry are hidden in those pages. There can be magic as well, though quite frankly it's still human to human communication and filled with the same roadblocks that happen in bars, baths and parks, in churches, schools, factories and offices, in fact, wherever two guys look each other over.

Ads, though, offer the neophyte the certain advantages of low risk, easy anonymity, and relative low cost. We're not all blest with an apartment on Folsom or Halsted. For most of us, the Village and the Quarter are too far away. But classified cruising is as near as your mail box, as convenient as your phone.

Do ads work? They sure do. I "came out" in Leather in Fort Wayne, a small Indiana city. There wasn't a Leather bar, much less a Leather "community" to be found. But there were the ads of *Drummer* and surprisingly enough, I met guys through them. One might think that a man living in Chicago wouldn't go very far to meet another guy, but Gary drove more than three hours away from the Windy City to spend a weekend with me.

I had answered his "pup seeks Top" ad and the chemistry was right. We corresponded, talked on the phone, and made the fateful date. Almost ten years later, Gary is still one of my best buddies. I've even got a date with him this Friday!

Like anything else, answering ads can be a real numbers game. Fewer will reply than you'd like. Second responses are even more scarce. Last summer I answered almost 40 ads, got about 18 responses, corresponded more than once with about ten guys, met three, and felt like it was a lost cause. Win some, lose some.

Be ready, too, for playing the waiting game. Your classified will seem to take forever to appear in print and even longer to get answered. It feels like there's nothing slower than the Post Office, at least when you're waiting for true love!

And what about the language of that true love?

There's a whole science to reading the abbreviations. Here goes Classified Letters 101.

GWM. The first letters in an ad represent the advertiser's status, such as Gay White Male, **Bi** for bisexual, **S** for Straight. **B** stands for Black, **A** for Asian, **H** for Hispanic, **F** for female. **C** means couple, later on **M** may mean married. It may be followed by letters indicating hair and eye color, as in **Br/Br** or **Bl/Gr**, that is Blonde hair/Green eyes.

But then, you probably knew those letters. Most guys who place ads know what they want and communicate their desire with codes that leave little doubt. That doesn't mean though that there's not wide room for variety in interpretation.

WS: water sports indicate activity with urine, either as a Golden Shower (**GS**) or as a drink. Another way to state it is to include the word piss or to mention recycled beer.

VA is verbal abuse, profanity, verbal humiliation as in "Suck that cock, you pig." Whole chapters could be written about the pro's and con's of this fetish.

SM of course is short for Sado-masochism. In the past it was referred to as **S&M**. The new, more PC term, recognizes that sadism and masochism are dimensions of the same activity. Actual habits die hard and I most often say "**S&M**". I'm not always very good at learning new tricks.

BD or B&D is bondage and discipline.

They often go together, since once you've got them tied up, it's easier to apply a paddle. Many of those into being spanked prefer to be bound first so that they can struggle and not escape. Others, though, look for bondage as an end itself and do not want accompanying pain. If that is the case with you, don't say **B&D**, just say bondage. And some of course take their "lickings like a man" and don't want to be restrained.

Fr/a and **Fr/p** refer to oral genital activity in the active or passive mode. **Gr** refers to anal genital activity. After all, the most likely end to a good Leather sex scene is a healthy orgasm.

T stands for torture as in **TT** -- tit torture, and **CBT** - cock and ball torture. Good tit work proves conclusively that the nipples are directly connected to the gonads. It takes a bit of practice, but a well trained tit is a pleasure for everyone. Start slowly and give your nipples regular attention and you will enjoy them for years.

JO is good old-fashioned, safe-sex jacking off.

Wax is hot and dripped from a burning candle. It is quick, short-lived, and usually harmless pain. There is more psychology than heat involved here. It can be fun but make sure you use candles with a low-burning temperature, the cheaper the better (expensive ones use bee's wax that burns hotter). Keep the flame high enough from the body not to harm anyone. It is a mess to clean up. A bit of baby oil on the skin before applying the wax helps. Shaving the body first makes clean up that much easier.

BB stands for the body builder that you are or are looking for.

FF means fist-fucking. Remember, no glove, no love, indicating that a rubber glove is safer sex.

LL is leather/levi. There's also rubber and latex, spandex, and various uniform fetishes as well.

Scat is short for scatology which the dictionary defines as "an obsession with excrement or excretory functions." Not a recommended sport these days, in fact it never was, but it does happen.

Rim or rimming refers to oral anal contact.

There are abbreviations that are simply coined on the spot. I ran across one while researching ads for this list: **CP**. Once a friend told me what it meant, it was obvious it stood for Corporal Punishment.

So how do you get started? For anonymity's sake you may want to open up a PO Box. I always like to include that address in my ad, though for a slight fee the

magazine will give you a forwarding box number to use in lieu of including your address in the ad.

I prefer including phone numbers as well. Even if I don't put it in the ad, I always include it in my first response to the ads I'm answering. Telephones, needless to say, speed up the process. And the inflection of voice adds a great deal to one's ability to communicate. Writing is fine, but I'd rather talk.

Once you've bought your mag, read through the classifieds with pen in hand. Circle the ones of interest. Don't be too quick to pass over ads slightly different than what you want. None of us can put everything in an ad and he may have left out your fetish simply for lack of room.

On the other hand, if what he wants isn't your idea of a good time, don't waste his time by replying. After all, ads are placed with the hope of finding more than a pen pal.

You may want to keep track of the ads you answer. I use a form letter to reply the first time, then get more personal in the second letter. I encourage the other guy to call me, or send me his phone number so I can call him. I'm always skeptical of correspondents who won't give me their number, or who won't call, even if it is collect. I'm suspicious that they're hiding something, or someone.

Likewise, it's for a good reason that the classifieds often contain a warning about fraud and prison-related rip-offs. But it's not really a problem if you just use a little common sense.

I look for real honesty and a sense of openness. If a guy can't be up front with me, if I sense he's not on the up and up, I'd rather not continue the communication.

Happily, the vast majority of guys are just out looking for the same good time that you're looking for. Beyond that there's always the hope of a love affair, that Mr. Benson, or his Jamie, will write back.

One of the main drawbacks, of course, to classifieds in a national magazine is that distance can be a detriment. If living in the far suburbs makes someone geographically undesirable, imagine how they're going to react if you're seven states away.

On the other hand, we do live in a traveling culture. I met one guy from Chicago via ads and got together with him at a convention in Las Vegas. Turns out we were both going to the same meeting so we

split the cost of a room.

When I was living in Indiana I corresponded with a guy in Texas. We both met in California! Classifieds make it seem like a real small world.

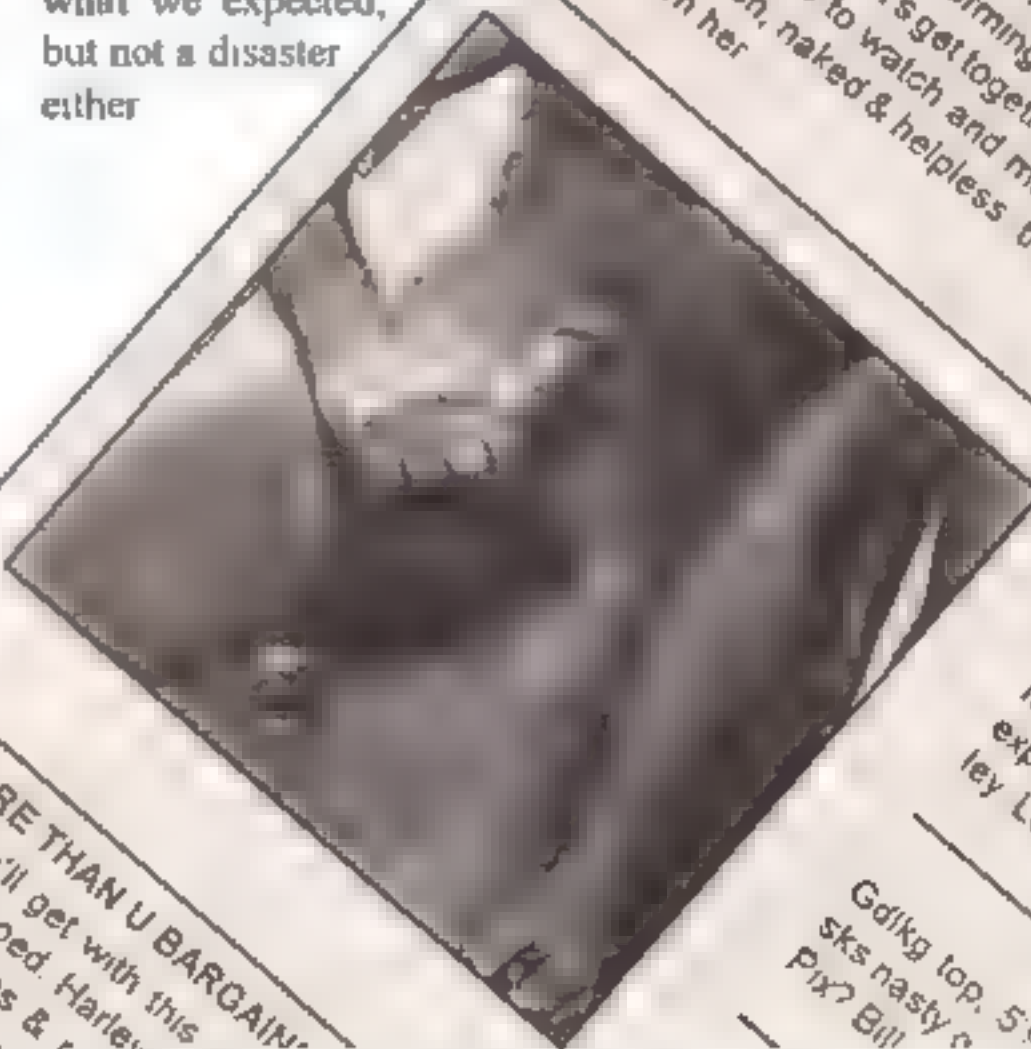

I always send a picture with my first reply. I have a stack of them handy for just such an occasion. It's not a nude shot, but it shows me as a real person. If a guy's going to be turned off by my looks, it best be sooner than later.

Lying about oneself will only bring disappointment. Be truthful on your stats. If you're not his type, that's a reflection on his tastes, not on you. Keep looking and be clear about whom you're looking for.

Before he shows up, settle on the particulars of when and how he's arriving and what you'll do about it. Maybe you're going to pick him up at the airport. Maybe he needs directions on how to drive to your front door. Talk about who's going to pay for food, travel, and accommodations. Know his expectations and make sure he knows your's. When is he going to leave? Are your tastes and pocketbooks fairly well matched? Can you afford what he expects and vice versa?

Make plans, but be flexible. That's how you'll have the most fun. If the scene doesn't work out (and not all of them do), have alternatives. There was one guy who drove five hours to meet me. As it turned out, he wasn't really into what I wanted. After ten minutes in bed, it was obvious that we were going nowhere.

So I turned the weekend into a real tourist event with dinner and a movie and some sight-seeing. We both had a real good time too. Not what we expected, but not a disaster either.

Yes, the best made plans go astray. I corresponded with a guy from the East who wanted to be kidnapped. I agreed to kidnap him at the Fort Wayne Airport!

As soon as we met, I walked him to my car and handcuffed him then and there. After a short ride home, I blindfolded him inside my front door and led him to my dungeon. I had my captive for the weekend!

But I had to go on an errand for a bit. When I returned, I made him a prisoner's supper of bread, water, and cold beans, and brought it to him in the dungeon. He was gone. In his place was a note: "It's the duty of every prisoner to escape. Thanks for the good time."

And I hope you have a good time too. Thanks for reading. See you next month.

Story and Photos
By Sean Martin

One of the first things that might come to mind when one says "Sweden" would be an image of the Vikings, those brawny, bearded, blonde demi-gods who, for centuries, braved the unknown icy waters of the North Atlantic, seeking gold, glory and the occasional rape and pillage. Despite what others told them about what lay beyond the edge of the world, they made their own rules, gleefully pushing back the known boundaries when it so suited their purposes.

Their descendants are still brawny and usually blonde (Beards are unfortunately out of fashion, even in the leather community) and still very much willing to explore... but only if you're willing to play by their rules. If you can, you'll come away from a holiday unlike any other you've known - and if you're really lucky, with some of your own boundaries pushed back by a notch or two.

First, a few pieces of necessary information. This is one old city, dating back to the twelfth century, built on an archipelago of over twenty islands, all interconnected by bridges and the Tunnelbana subway system. Graced with a natural beauty that makes even San Francisco appear a shabby cousin, it's also an amazingly clean city, where graffiti disappears in 24 hours, and litter is practically non-existent. And no matter what time of year you go, you can be sure

there's a major holiday of some sort about to take place, from the Water

Mike of Mike's Shop

Festival in August to the festival of Lights in December to the traditional, country-wide bonfires of the Feast of Valborg on April 30th that celebrates the arrival of spring.

But be warned: this is also one *expensive* country: 39Kr for a pint of beer translates to about \$7-8US... But bear in mind that the alcohol content is much higher than it is in the States, so you'll be nursing that draft for quite a while longer than usual. Hotel rooms are outrageously high

by North American standards, with most well into the *triple-digit figures* per night. Even a small bed-and-breakfast can set you back almost \$50US per night for a no-frills double room (and few B&Bs accept credit cards). Dinner at a restaurant can be an equally harrowing experience, costing you anywhere from \$40US and up - and not even the traditional fastfood places are much help: a meal at MacDonalds tears through at \$8.50US. If you get caught short of funds (and at these prices, that's easy to do), you won't be able to use your bank card - Sweden hasn't networked into any of the international systems yet - but the American Express office will cash personal checks at par value without a service charge if you provide them with your AmEx card and passport. Part of the expense is due to the 24% Value-Added Tax, which is imposed on the sale of everything from a candy bar to a house. If you keep your receipts, most of the VAT is refunded at the airport on your departure.

On the brighter side, it's not necessary to speak Swedish - English is taught in the schools from first grade on. It might not be a bad idea to master at least a few phrases just so you can demonstrate you're making some attempt to speak their language, but you won't be tested at the airport. English has now become the universal language in Europe; broadcasts from Great Britain's Super

Channel are exclusively in English and yet are seen by some 64 million Europeans. However, when looking at any international language, remember that English will appear next to a British - not American - flag.

But in order to get a sense of the gay (and more specifically, the leather) community in Sweden, you have to understand how gays are integrated into modern Swedish society. As it turns out, homosexuality and bisexuality have been part of the public schools' sexuality and lifestyle curricula (even down to the elementary school level) since the 1950's and same-sex couples here enjoy espousal rights that would shame the democratic governments of North America (In fact, the only dark spot politically is the rise of a hard-line conservatism, something most gays here see as a "copycat"

movement similar to ones in the US). Although legal same-sex marriages are currently possible only in Denmark, gay and lesbian couples in Sweden are treated with the same legal rights and responsibilities as straight common-law couples.

And this societal integration seems to permeate throughout the gay community in Stockholm. You won't find a Castro Street ghetto, for example, because there's no need for one to exist. And unlike the "gotta get laid" tension that's almost

standard issue for gay bars in the US and Canada, Stockholm bars are almost uncommonly open and friendly - a stranger might approach you and strike up a conversation, but don't assume he's doing so because he wants to take you home. It's more likely because conversation simply in and of itself is the norm here. For some visitors, it can be a bit of a shock ("You mean, all he wants to do is *talk*"), but once you get past that, you start to realize that, hey, this ain't such a bad idea...

So assuming you're a leatherman with a taste for something a little out of the ordinary... what can you look forward to? *A damn good time*, in it's most unqualified sense, with people whose lack of guile is almost unnerving in the "Paranoid 90's." Here's a brief overview:

Once you've arrived, the best way to orient yourself is by getting a copy of *Reporter*, one of Stockholm's

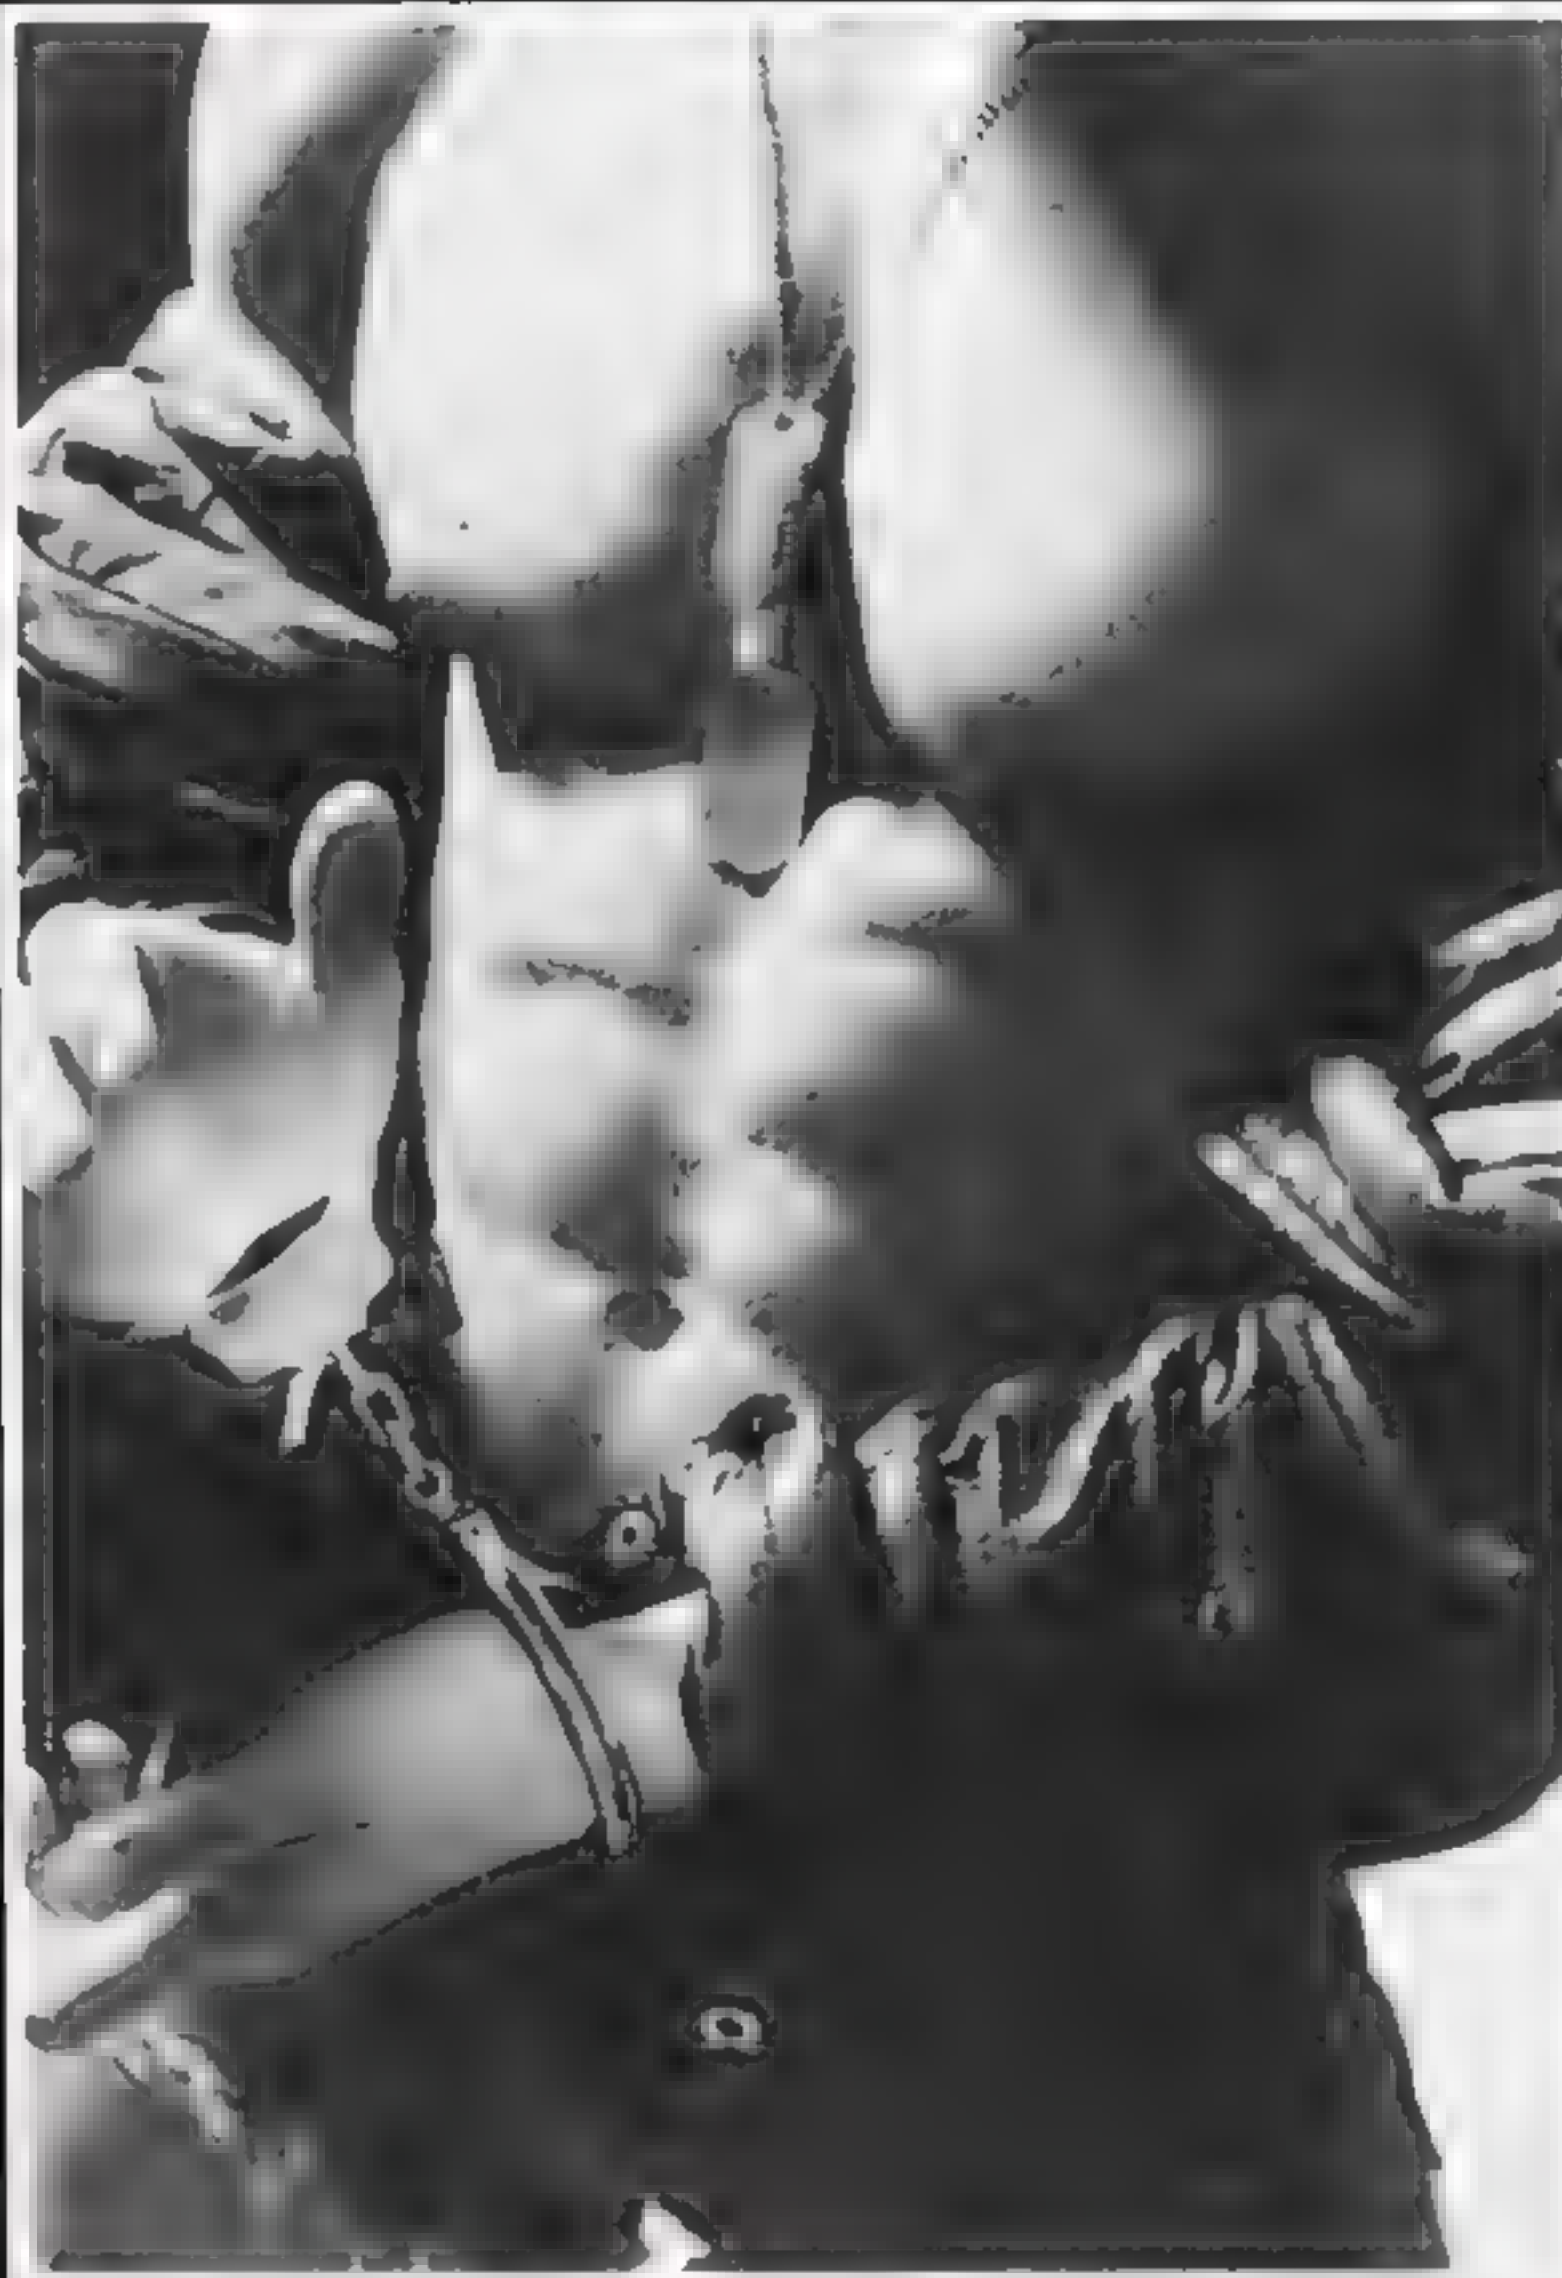

two gay papers and certainly the better one for leather coverage (You might find a copy in gay bookstores in some larger cities in North America; if not, contact them either by phone or mail - see the resource at the end of the article - and they'll send you a sample issue). The publisher, Jon Voss, and one of the senior editors, Kalle Grogarn, are both active players in the leather community and will be more than happy to provide you with information on where to go, how to get there and maybe even a few hints as to who best to enjoy it with.

Another excellent source of information about the leather community is available through the *RFSL-Huset*, a giant complex at Sveavagen 57 (Like everywhere else in Europe, the house number follows the street name) that houses two cafes, a bookstore, a dance bar (whose DJ plays the best progressive dance music in the city), and offices for most of Stockholm's gay organizations, including AIDS-Stockholm, which can provide emergency resources if needed.

Most of the gay community life is found in the Sodermalm section of town, south of the downtown core, and easily accessible on the T-bana subway at the Mariatorget station. Virtually next to the station itself is your first stop, the *Crisco Bar*, a basement level pub. The front room holds a small restaurant (Unlike most, this place is something of a bargain even at \$11US for a hamburger.) while the back room is a dark little stand-up bar that's crowded almost every night of the week. While aimed at the leather community, this has an almost neighborhood feel about itself and it's a great place to begin an evening out.

From Thursday to Sunday, most people leave the *Crisco* around 11PM and wander up the street to the *SLM Stockholm*, a bar run by the Scandinavian Leather Men's

Association, and to walk in is to take a step back in time to the halcyon days of Folsom Street in the 1970's. Technically, the place is for members only, but show them your passport, and they'll let you in after asking you to sign a guest register. They're fascinated by Americans and Canadians, so you're assured of a solidly warm greeting. At the entrance, be sure to say hi to Bo, the SLM's one man Welcome Wagon and probably the best local authority on the uniform scene throughout Europe. Once inside you'll find a maze of black rooms and shadowy corridors, linking a bar, a bootblack stand, and a dance floor, as well as a readily available sling, bathtub, and a cage - as well as an original Tom of Finland jumping jack, painted by the Master himself, whose legs spread with glee when you pull on its oversized dick. The crowd that come here on a regular basis is definitely in the mood to party, and the bar hosts some of the best "special events" you'll ever see - just recently, the SLM hosted its annual rubber weekend (held every mid April), whose attendees came from all over Europe for a party/orgy that went virtually non-stop for four days. Even though the official closing time is 3AM, you'll find this place continuing on until nearly dawn (which, in winter is pretty damn late in the day).

For souvenirs, there's two places

to check out, *Mike's Shop* and the *Läderverstan*, the two premier leather shops in the city. *The Läderverstan* (which translates to the "leatherwork place") carries the more traditional belts, harnesses, and other paraphernalia, while *Mike's* is a specialty design shop that will create custom work of the more outrageous sort.

Tom of Tom's Gym

If you're in the mood for a workout, there's *Tom's Gym*, run by (who else) Tom. Relatively new, it's a small place but with excellent equipment, and day rates of 50Kr (about \$10US) are available. It's also home for some of the best hardbodies in Stockholm, such as Josef Altenbuchner, a former Mr. Baltic Battle, who offers personalized "straining" as well as instruction in his own chemical-free bodybuilding system. There's also a lower level currently under construction which will eventually have wrestling mats and a stretching area.

If you prefer meeting your men in the great outdoors, the two best places in the city are the park bluff atop *Mariberget*, known locally as "the rocks", and *Skeppsholmen*, a

small island park set in the bay that separates Södermalm and the central city. However, bear in mind that street cruising is considered poor form by most of the locals, an activity usually engaged only by tourists.

But the one thing that stays in your mind throughout your visit to Stockholm is the almost complete sense of innocence. Swedish leathermen approach their sexual lives in the same way they take on everything else: with caution, curiosity that then willingly expands into gleeful abandon, without the performance anxiety so common in North America. These men have been raised in a culture that celebrates the human body, and it shows; that stud on the dance floor in a leather thong and boots isn't flaunting himself for shock value; he's dressed like that because it's as comfortably ordinary to him as a flannel shirt and worn jeans would be for most of us. There might be a sling in the backroom at the SLM, but you almost know that it's there for genuine play, not as an exhibition of sexual prowess. There's a child-like joy

to sex here (tempered with a deeply understood acceptance of playing "safely") that you won't find anywhere else: the hardest S/M scene might be light years beyond anything you've seen (or done) before, and yet, to the participants, it's just two (or more) people simply enjoying each other's bodies and intent on having one hell of a good time doing so. If it sounds like a sexual paradise, in most respects it definitely is: you almost get the feeling that the Swedes are guys willing to try anything once and then come back for a second time just to show you how much they like it.

And if you have sense at all, you'll let them.

--Sean Martin

Caveat emptor: At this writing, there is no gay guide that specifically speaks to Scandinavia, and the information available through the Spartacus and Odysseus guides is woefully out of date. The best travel guide to Stockholm is published by Frommer's, but their "Stockholm on \$50 a Day" is inaccurate in some vital areas, such as the cost of transportation, even though the walking guides of the city are far better than anything available locally.

ARE "BOTTOMS" CERTIFIABLE???

BOTTOMS-UP is a newly organized fun and sex club for Gay men who enjoy playing the role of submissive bottom/slave/boy to other men who are into the Leather, bondage and SM scene. Their motto is "We're bound to serve." If interested, however, individuals may not join voluntarily. They must be ordered to do so by a Top of their own choice or recommended by one of the club's governing body. At the point of admission, a code of conduct befitting their lowly position is enforced but only applies to in-scene activities and appropriate events, not social or professional situations. Emphasis is on fun and sex; allowing potential bottoms to share good times and gain a better understanding of the submissive role. Some say it will be a good "safe" place to bitch about some of the Tops they have met. Upon approval, an appropriately demeaning initiation will take place where the club seal is stamped to each bottom's right butt cheek in indelible ink. All emblems of this club, of course, will be worn on the "right side" **BOTTOMS-UP** will publish a newsletter and work with other like-minded groups. The goal is to expand their membership beyond the New England area; anywhere potential bottoms might be located. Response, so far, has been very good, maintaining a current roster of 125 members. If interested, send a SASE to: **BOTTOMS-UP, P.O. Box 556, Manchester, NH 03105-0556.**

GOLDEN FLEECE RUN IS BACK!

After a year off, the Rocky Mountaineers MC have resumed their annual Golden Fleece Run ("GFR"). To many, this is considered one of the premier leather/motorcycle runs in the country and one of the few which still remains a "rough out" run. In layman's terms, this means tents and trailers; no cabins, etc. Celebrating it's 21ST year, the theme is "Jason Sets Sail For Atlantis"

During the weekend of July 3-5, RMMC will resurrect Atlantis along the shores of Lake Dillon, where the altitude is lower than at previous runs and is in a county of Colorado which voted "NO" on Amendment #2

Golden Fleece Run XXI festivities start as a beer bust at the Men's Room on July 2ND. Run check-in is 10AM, July 3RD. But wait, there's more! The evening is filled with dinner, Opening Ceremonies, parties by various clubs and other activities. Sunday, holds the Bike, Buddy and People events and, of course, the House Beautiful contest, along with dinner and an Awards Ceremony Monday, there will be brunch.

Hurry, while space is still available given that there is only room for 75 people. So, register early! Contact the "GFR" chairman at (303) 433-1663 or write: RMMC, P.O. Box 2629, Denver, CO 80201 for more information.

LOGO ARTIST ALERT!!!

The NLA/San Diego is announcing their logo contest for Leatherfest VI, slated for March 11-13, 1994. All artists interested in creating the next logo for this major event (and win \$100 to boot!), start drawing and be sure to have it submitted no later than June 30, 1993. The lucky winner will be selected on July 10TH.

Here are the specs: The design must be "pansexual" in nature. That means using both male and female figures if you choose to include people in the logo. It must be large enough to cover the front of a T-shirt and the submission must be "camera-ready". No colors, just black or shades of grey on white paper. Please try to make it crisp and bold for reproduction purposes. Required text must be "LEATHERFEST VI" and "San Diego". "The National Leather Association" is optional.

GAY INFILTRATION OF COMPUTER GAMES

(OR...how close were those Mario Brothers, anyway???)

Who among us hasn't had an urge to vaporize an angry fundamentalist, zap a skinhead, or squelch a plague of traditional values?

Now, gays, lesbians and others can do just that with the introduction of "Gayblade", the first fantasy roleplaying game for gay and lesbian Mac computer users. A product of RJBEST, a SF-based computer game company, "Gayblade" is the first in a selection of games with gay and lesbian characters that will be available to the public, of which a percentage of each sale will be donated to a gay and lesbian charity.

"Gayblade" puts a decidedly current spin on the traditional fantasy role-playing game, while at the same time capturing the genre's essence. The Scenario: Empress Neida has been kidnapped and is being held hostage by the Forces of Homophobia deep in the dungeon. It is up to you to find her. As you move strategically throughout the castle searching for the Empress, you collect magic spells, secret weapons and other wonders. But danger lurks! Hideous Bible-pounding lunatics, rabid politicians and censors, gigantic fire-breathing crabs, FBI probes, and other vile entities are waiting.

The mystical world of "Gayblade" features spectacular color graphics, digitalized sound effects, 1300 rooms, 13 levels, 100 different creatures, dozens of offensive and defensive weapons, and more than 75 special magical items.

In development for more than a year, "Gayblade" is easy to learn, fascinating to play, and, given the void in gay and lesbian-oriented software, is a definite must for your collection.

Not yet available in stores, the premier edition of "Gayblade" is only available by mail direct from the manufacturer for \$39.95 plus 2.50 S&H. Californians, don't forget your sales tax! Send check or MO to: RJBEST, 5214-F Diamond Heights Blvd, Suite 701, San Francisco, CA 94131 and allow for 6 weeks delivery. A LEATHERMAN'S NIGHT IN THE WOODS

By Thad Rinehart

Illustration by Domino

His cock hung down his left leg like the machete that was strapped to his hip and tied in place. The cock was held in place by a studded Leather cockring. The man wore his Leather pants, Chips boots, motorcycle jacket, hat, and gauntlets. His knapsack with blanket and survival equipment was strapped to his broad, weightlifting shoulders. A long, black cigar was clenched in his teeth.

DOMINO
79

The man had set out on his survival journey two days before- to escape the white collar shit world of his job as a vice-president of a publishing company. He often dreamed of forsaking it all for work as a 'Soldier of Fortune'. He was a tough man, but felt weakened by sitting behind a desk in a shirt and tie, when he really wanted to jam his ass in black Leather. His survival journey was a recuperative time for him and he would not emerge from his Leather for two weeks, returning as a strengthened Leatherman.

He crested a hill after hacking away at the endless poison ivy, kudzu, and honeysuckle. A small clearing greeted his eyes and he gratefully swung his pack down. Taking his jacket off, he rubbed his nipples which were being tortured with a pair of alligator clamps. He cracked open a beer and flopped down, his Leathered ass resting against a massive oak tree. "Oh, if I only had a slave with a chest as big as this tree...", he thought. He fondled his already hardened dick. His Bundeswehr shirt stuck to him, his sweat glistened, and the powerful aroma of mansweat made him sigh with contentment. The beer would make excellent manpiss, too rich for a lowly slave mouth. The woods were alive with squirrels, chipmunks, birds and unfortunately, bugs. "Shit, if I have to put up with these pests for two weeks, I'll wish I were back in the office...", he thought. Eventually, they left him alone.

He alternately sucked on his cigar and his beer, glad to have a respite from the ten mile hike he had accomplished on this, the third morning of his march. The breeze and the sounds of nature, harmonious with a man clad in his skins, lulled him into a nap.

A sound to the left of him alerted his senses. Not five fucking feet away from his left arm was a fucking huge rattlesnake, ready to strike. Even though he kept poison antibodies in his pack, he did not want to suck out the poison. He stealthily advance his right hand to the machete positioned on his left hip. The rattlesnake, sensing the movement, raised its head and rattled it's three inch rattler. The man drew the machete an agonizing inch at a time, knowing that only one strike would be all that he had time for.

The machete drawn, he raised it even more slowly. The rattler increased it's rhythm. He counted to three, not daring to breathe. As he trained his eye on the machete, he noticed that his manrod was throbbing- a fucking hard on! Down came the machete, severing head from body. Convulsions along the spine, and one last rattle. The rattler's mouth gaped wide. The man carefully skinned the snake and stuck the rattle in his hatband. The first trophy of his trip- hopefully, there would be a similar boyflesh trophy before the end of the Leather retreat.

After carefully placing the skin in his knapsack and finishing his beer, the man continued his walk. The woods were endless and a continuous panorama of trees and vines spread out before him. It was approaching noon and the sun that shafted down on his head caused him to sweat profusely. His muscles felt in well-tuned shape- the sun giving them renewed strength. They, at first, seemed atrophied- after setting in disuse for months in his office. His office was a thing of beauty, though, and he was extremely proud of it. It was located on the 14th floor of an office building in Chicago. A massive rosewood desk with a brass-studded, Leather upholstered chair. A crystal cigar ashtray and a mahogany humidor were on top. A smaller, anodized machete served as a letter opener. Books lined three sides of the office and a view of the Chicago skyline

formed the fourth wall. A few abstracts lined the walls- all by a friend. All the abstracts depicted lovers in various degrees of love and agony. No one but artist and collector realized this, although rock-hard phallic symbols were apparent in each one.

A discrete room off to the left was a personal weightlifting room- this was dotted with graphic photographs of studded, bulging crotches and lovers in Leather.

The man continued his walk and was seemingly swallowed up by an African-like jungle valley. He climbed a tree, achieving an erection as he gripped the trunk with his legs. His nipple clamps bit into his tit flesh as he inched up the tree. As he continued to climb, all he could see were trees in any direction. He slid down, fireman-style, getting his dick even harder. He thought about the hot, rippling manflesh of the Chicago fireman that he had personally greased a pole with. Ted. Yeah, in particular, Ted, like the Leatherman, was into body building. Massive rippling pecs that provided more than a mouthful. A big hard manrod that should never have been hidden under fireman's overalls. A beautiful, blonde-tousled haired youth with twinkling blue eyes and a generous mouth that took the man's nine-inched club easily. "Good ol' Ted," the Leatherman thought as he continued his march and rubbed his hard cock. He lit a cigarette. "He could put out my fire, or come to think of it, he could start one by spontaneous combustion..."

The rest of the third day continued along the same vein. The Leatherman settled down for the evening. For supper, he ate a survival slice of ham. "Shit," he thought, "the back pocket of my pants would have tasted better..."

Day #4 found the Leatherman in excellent spirits. He awoke with a full cockload of piss- he stroked his manrod until it ached him painfully. As he relieved himself against a century-old walnut tree and declared the woods his Leather territory, he wondered what today would bring. "Oh, Leather God, send me a boy to train- with big hairy balls and mountainous pecs- and I will discipline him and train him to love and worship both you and me, his Master."

The man lighted a cigar- his breakfast- and swallowed a gulp of water from his canteen, loaded his pack, and set off into the endless woods. He notched trees and on occasion, macheted the trees with an "L" for Leatherman, just in case he got lost.

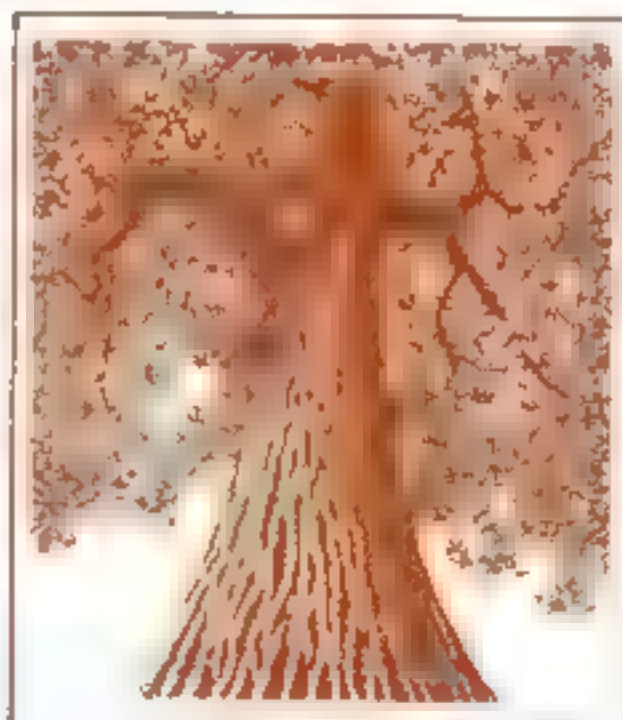

As the morning continued, the rich aroma of man sweat seeped from every pore. His beard and mustache, and even his eyebrows, dripped with sweat. About 11:45, he came upon a crystalline pond. As he neared a break in the bushes surrounding the pond, he was startled by a loud splash. Proceeding cautiously, yet with the confidence of a muscled Leatherman, he was about to shout, "Who the fuck is there?", when a boy's voice yelled, "Ah, come on, Gar, it ain't cold..." Soon, another splash was heard and two wet heads were seen bobbing up and down, oblivious of anything except having a great time. The Leatherman watched for ten minutes or so, as his dick hardened.

Finally, he stepped into the clearing, hands on studded belt, and grinned, "Hey, fellas, havin' a good time?"

The boys were startled, but their startled expressions gave way to admiration.

"Holy Jesus, it's a motorcycle cop!"

"We didn't mean to trespass- we jus' wanted to cool off, Sir"

"All right, boys, you do look pretty hot," the Leatherman commented, "but you got to come out right now."

"But, we ain't got our clothes, they're on the other bank..."

"I said NOW!"

The boys swam to the bank and crawled out- both fellows had peckers hanging down to their knees and the beginnings of firmly muscled chests.

"All right, boys, come to the cleaning and lay facedown..."

"But, officer, Sir, we weren't doin' anything..."

"I said NOW!, SHITHEAD- you understand me?"

The Leather God had indeed been good to our man and he wasn't going to let the opportunity be prolonged by a lot of words. The boys reluctantly laid down side by side and the Leatherman kneeled, using one knee on top of each boy's back.

"I have to examine you for any concealed contraband, you know, drugs up your ass..."

"Whaa? We ain't got..."

"SHUT UP, ASSHOLE!". The Leatherman slipped his pack off his back, and then unzipped his pants. He spit on each of his hands and then his fingers slipped into each boy's tender asshole. The boys began to protest, but the Leatherman had the upper hand (so to speak).

His fingers explored the deep recesses of the boys' butts- Gar started to moan, but not in a discontented way. "Hey, Brent," he addressed his friend, "it feels pretty good with a real man's hand up my ass."

The Leatherman continued to work his fists, while he asked, "You boys lovers?"

"Er, well, sort of, Sir, we're step-brothers. We've shared the same bed since I was five and my mom married his dad. We started jacking off each other and..." His voice trailed off, as the Leatherman's fist continued to explore.

"Well, boys, I'm real glad to hear that you boys like fucking hot sex, because I'm going to have both of you..."

"Yes, Sir."

"Yes, Sir!"

The boys sounded extremely enthusiastic about the adventure.

"Now, Gar, you stay in position, while I buttfuck Brent, okay?"

"Yes, Sir". Gar rolled over to reveal his throbbing knob of eight and a half inches. He watched as the Leatherman mounted the butt of his stepbrother. The Leatherman lay on Brent, nibbling at the boy's neck and shoulders. He stroked the lightly-muscled arms of the boy.

Gar was stroking his dick.

"Stop that, Asshole," the Leatherman commanded, "that load's mine".

He lubed his dick with a combination of spit and mansweat. He jammed his rod into the boy's butthole. Brent remained silent the entire time until the moment of entry when he let out the loudest cry of agony, pain, and pleasure. It was answered only by the call of birds and the rippling of the water of the pond.

The Leatherman came almost immediately, but, "shit, he thought, "I haven't had sex in four days!"

The Leatherman then turned his attention to the other boy, whose prick was pulsing up and down. The Leatherman tongued the boy's rod and almost immediately, the boy shot a load of jism down the man's throat. "Better than an ice-cold beer," the Leatherman thought.

The boy, subdued, rolled over so that the man could insert his once again hard dick up the boy's butt. Gar cut off a

scream and moaned as the Leatherdick touched his very soul. "Oh, yeah, man, leave it in me for evvvverrr- it feels so damned fine- Oh yeah, baby..."

The Leatherman slapped the arrogant boy's ass for calling him "Baby". "You call your Master the proper title, shithead,- you call me SIR. Understand?"

Gar gulped, "Yes, Sir, I'm sorry, Sir."

After ten minutes of pumping, the Leatherman came once again- his manrod glistened with his manjism as he pulled it out of Gar's asshole.

"Why don't you boys take a swim now? ... while I rest."

The splashes of water indicated that the boys would now do anything asked of them. They started dunking each other and fondling one another under the water. The Leatherman packed up his gear and exited quietly into the woods- leaving each a beer.

The rest of the day was uneventful but the Leatherman was renewed after the sex and whistled as he trudged along. His Leather glistened in the sun which was reflected off his mirrored sunglasses and chains. So renewed did he feel that he didn't stop for lunch or a piss, but journeyed sixteen miles until the sun disappeared beneath a bank of clouds. A brief wind stirred and suddenly, a bolt of lightning ripped through the sky and the first drops of rain fell.

"Shit!"

The Leatherman was accustomed to being out in all sorts of weather and actually enjoyed the erotic qualities of rain. He trudged along, his Leather glistening from the rain.

The Leatherman noticed a cabin, sheltered by a grove of trees about a quarter of the mile ahead. He hastened his pace and was soon on the porch. Respectful of other people's privacy and property, he knocked, hoping to be admitted into the cabin, so that he could dry off. No one answered. He tried the door, which was unlocked and so he stepped inside. The cabin was a perfect man's home- just enough furniture and accoutrements to make it comfortable. The man put his backpack down and sat on the floor. It was obvious that someone resided here, but it was hard to tell how long they had been gone.

The Leatherman dozed. He dreamed of a hot young bull named Aaron with whom he had enjoyed a relationship of two years. Aaron was a devoted Leatherman as well and loved fucking outside. The rain had triggered Aaron's memory- the last sex they had was during a cloud-burst- both ended up covered from head to toe in mud- they had been fucking on a baseball diamond when it started pouring. It took the Leatherman two weeks to get the mud off his Leather and three or four serious baths to get the mud off himself. Aaron was just great...

"Hey, Buddy..."

The Leatherman awoke to find a hairy stud of a man grinning down at him.

"Hey, I'm sorry...I just came in to get dry...I must have fallen asleep...I'll be out of your way in a minute..." The Leatherman started to pick himself up.

"No need to apologize, Buddy, shit, it ain't fit for a man to be outside- you're welcome to be here."

The man, as the Leatherman's eyes focused, was damned hunk. Slabs of muscle rippled underneath the man's plaid shirt. His beard reached down to the middle of his shirt and his hair was in a ponytail.

"I'm Albert McDonald...but everybody who knows me calls me Bear."

"Well, you're mighty kind, Bear, I'm glad to know you." The Leatherman introduced himself and the men shook hands.

Bear slapped the Leatherman on the back and asked him when he'd last had a decent meal.

The Leatherman told him of his journey thus far, omitting his sexual adventure with the boys.

"Well, then, you deserve a good meal. How about some coffee...or a drink?"

The Leatherman accepted and offered Bear a cigar. The men downed their drinks while enjoying each other's company—the company of a real man's man. The Leatherman related his background, offering some details of his commitment to Leather. Bear seemed interested and listened closely, often interrupting for details.

"I have to admit I ain't been too eager to discover the ways of educated people like yourself—sure sounds interestin' though. I'm a trapper and hunter—they ain't much call for my kinda work these days—but I make enough to get by. I've lived off the land for the past twenty-two years. I grew up farmin' and pretty well keep to myself. I make my own furniture, built this ol' cabin. Hell, I even make some of my clothes. I was admirin' them Leather britches of yours. I made myself a pair of buckskin pants two years ago—hell, if they ain't as soft as butter."

"And hot as hell on you," the Leatherman thought.

The Leatherman's crotch was bulging at the thought of Bear in Leather. The Leather God was really looking out for him. As he was about to suggest that Bear put them on, Bear said, "I'll show 'em to you".

The Leatherman stroked his cock when Bear left the room. The next sight he saw was if an Angel had entered the room. His cock throbbed.

Bear had stripped off his shirt, revealing two perfect mounds of black fur-covered flesh with two erect pink nipples. His buckskin pants revealed a schlong-bulge half the fucking size of Chicago. They were cod-pieced and were fitted to reveal the handsome man's enormous thighs. He had also put on buckskin knee-high boots.

"So what do you think, Buddy?", Bear asked with a mischievous twinkle in his eye.

"Jesus Leather God", was all the Leatherman could blurt out.

"I take it that means you like 'em".

"Yes, they are very handsome...and you did, uh, a good job on, uh, making them", the Leatherman stammered, trying hard to maintain his composure. Hew was sweating and his dick was as hard as a billy club.

"Well, Buddy, what are we gonna do about it?", Bear said, grinning the same shit-eating grin that he had on his face when he woke the Leatherman.

The Leatherman arose from the chair in which he was seated, approached Bear and began fondling Bear's codpiece. "Well, Bear, I guess we better mate..."

"Sounds damn fine with me."

The two men laid down on the bed, kissing and fondling like two adolescents. Each man's crotch was bulging. The Leatherman buried his face in Bear's rough beard while fingering the woodman's rosy tits. Bear groped the Leatherman with sturdy, calloused hands. Each of Bear's fingers felt just like a vice. The first time he grabbed the Leatherman's cock and balls, the Leatherman actually screamed. He thought that his tools had been ripped off. They responded, however, to the man's grip and were to the point of jacking off.

Bear's genitals were huge like everything else about him. The Leatherman used both hands to stroke the huge manrod and balls. Bear moaned because the Leatherman knew a few things about stroking, too. Bear soon shot a stream of jsm that

resembled a fucking geyser. "Shit, man," the Leatherman thought, "this must be what bear jsm smells like," as its pungent aroma reached his nostrils. The Leatherman lapped up as much as he could, enjoying the taste of it. It had a wild, gamey taste to it. "They should bottle this...", the Leatherman licked his lips.

Meanwhile, Bear had the Leatherman's dick and balls in his vice-like grip while his hungry lips settled on the base of the cock. The Leatherman moaned with pleasure as Bear's lips seemed to suck the very bone out of his rod. He shot which such force that Bear was propelled backward on the bed. Bear started laughing, collapsing on top of the Leatherman and wrestling the Leatherman into submission. At first, our hero resisted, but he thought, "What the hell, I'd like to be dominated by this man and so I will submit." He relaxed, while the beautiful man-bear explored every Leathered crevice and seam of the man's body. His tongue reached further into the Leatherman's ass than he ever thought possible. The Bear's grip on his tits was so hard that he thought sure they would pop at any minute. During it all, the Leatherman enjoyed the Bear's sexual appetite. He stayed with Bear for four days—they went off into the woods for a couple of days of hunting. The Leatherman had never actually hunted animals, only men. He enjoyed both. Bear only killed animals that he would then eat, and the Leatherman agreed with that. Bear showed him how to use a crossbow and also a rifle. Bear showed him how to tan an animal skin. The Leatherman told Bear more about his life in Chicago and encouraged Bear to write of his adventures in the woods. "Maybe my company can publish it. ."

"Shit, why, nobody wants to know about my life...", Bear protested.

"I do," The Leatherman said, and planted a kiss on the Bear's codpiece, "I want to know everything there is about you, Stud."

"Shit, you're crazy," Bear said, picking the Leatherman up and holding him over his shoulders.

Both men laughed with the easy comradeship that comes with two men who have mutual respect for one another.

The Leatherman rose early on the last day and packed his knapsack. Bear lay in bed, rubbing his naked body, "Sure you don't want to stay? I ain't quite taught you how to bear wrestle yet..."

"Bear, you're one of the fuckinest-hot men I've ever met, but I gotta get on with my journey...I hope that we can do it again next year..."

"Bet your Leather ass we can...I gotta little present for you". Bear disappeared into a small store room off to the left and came back with a folded buckskin. "Here, next year, I want to see your ass in another kind of Leather, okay?"

"That's a deal, Buddy...and I want to see you in motorcycle Leathers", the Leatherman said.

With that, he pulled off his motorcycle hat and placed it on Bear's head. "Damned, you're a natural...you could be a Hell's Angel!"

With that the two men embraced and tongued each other's throat. A series of slaps and handshakes and the Leatherman left somewhat reluctantly.

The Leatherman trekked for two days with only brief naps and stops to piss and eat. He felt renewed after his liaison with Bear. A kind of homesickness fell over him by the third day, however—he really missed Bear's company. His groin ached to be manhandled by the man-bear. "Aah, well, time to move forward...", the Leatherman sighed, lifting his knapsack onto his shoulders and heading off into the endless woods.

For the next several days, the Leatherman kept up his

strident pace and must have covered close to a hundred miles. He was in a better mood. Bear was now a pleasant memory and one to be enjoyed on lots of jerk off occasions. He would look forward to seeing him next year. As the Leatherman continued walking in the woods, he could not help but

marvel at the diversity of nature's many beauties. He regretted not having brought a camera or at least a sketch pad "Yeah, think of the photo sessions I could have had with Bear... Shit, I just can't stop thinking about him..."

The final days of the Leatherman's journey dawned. The Leatherman woke from a deep, restful sleep to find the clouds threateningly grey. Spits of rain dropped on his Leather. It felt cooling and soothing as he pulled out his last beer and swigged from it. The beer was warm and flat, but he guzzled it anyway. He broke up camp and trudged into the woods.

The rain now poured steadily and the Leatherman draped his blanket around his shoulders. He momentarily regretted giving his hat away to bear, but then raised the blanket to cover his head as well. Within minutes, the blanket was sodden. The Leatherman walked for ten miles that morning. The rain continued.

He crested a rise only to find that it led to a point of land which jutted into a small body of water. Never one to turn back, he moved confidently forward down to the furthest point of land. The rain had increased in intensity and was coming down in torrents. The Leatherman's visibility was practically nil. He could only see a few feet ahead of him.

The stretch of water was at least thirty or forty feet wide. The rain abetted for a minute or so, allowing the Leatherman to see several flat rocks spaced fairly evenly across the expanse of water. On the other side of the water, a grove of thick pine trees could be seen. Most importantly, it looked dry and inviting. "Hell, I can wade across and camp out till this damned monsoon passes."

He shouldered his knapsack and picked his way carefully down to the water's edge. Torrents of rain once again pelted the Leatherman and suddenly, he lost his footing. The water was deceptively shallow and the Leatherman found himself up to his shoulders in the water. The rain continued with such force that soon the seemingly shallow waters had swelled to a rapid flow. The Leatherman was a fairly good swimmer and tried valiantly to reach the edge, but his rain-soaked clothing and the knapsack filled with all his survival equipment weighted him down. The water was rapidly drawing him downward and rushing him along. The Leatherman struggled to release his knapsack. He had gotten one strap down to his mid arm, when the water slammed his body into a jagged rock. It not only knocked the breath out of him, but cut an eight inch gash in his lower chest.

The water swept him along and he struggled to keep his head above water. The rain let up very briefly and the Leatherman was able to partially regain his breath. Straining against the current and putting the pain of the chest wound out of his mind as much as possible, the Leatherman was finally able to extricate himself from the knapsack. The knapsack quickly sank- along with all his provisions, fresh water, flashlight, his precious supply of cigars, and other needed materials. The Leatherman had finally regained his breath when another heavy torrent of rain swept him even further

downstream. He desperately tried to swim, but it was futile. Another large jagged rock loomed only inches ahead of him, and he made a desperate attempt to grab onto the rock, only to cut his fingers. Deep gashes with rich red blood following from them, appeared. He was momentarily caught by the edge of the rock. A branch, substantial in size, was also caught by the edge of the rock. He grabbed onto it. The two- man and branch- were then torn away by the current and carried swiftly downstream. The Leatherman was losing strength rapidly and the loss of blood was making him dizzy and disoriented. Finally, the limb caught on an exposed root of a birch tree. The Leatherman grabbed at the root. He painfully lifted himself out of the water, crawling up root over root until he finally reached terra firma. He collapsed under the tree.

The Leatherman awoke- the sun was high in the sky. He started to raise up, but a sharp pain from his chest stopped him abruptly. His chest was crusted with blood and his fingers were numbed and mangled. He didn't know it but he had slept for thirty straight hours. It was probably just as well because he would have been in intolerable pain for that time and sleep was probably the best medication.

He eased back on to the tree's root which had served as a pillow. He began to take stock of what he had lost, and perhaps more importantly, what he still had. Blanket had been swept away. Knapsack with gear gone. He reached down- the sheath for his machete was intact, but the machete was gone. His jacket was torn in several places, but was intact. The inseam of his pants was ripped, but again, the pants were intact. His boots remained in remarkably good condition. Of course, the Leather had dried in the sun and was now stiff and damp. He searched his pockets- his keys and wallet were intact. "Shit," he thought, "a hell of a lot of good they are to me now." He found his pocketknife, his water-proof matches, and a small bag of sunflower seeds. Suddenly realizing how hungry and weak he felt, he dumped the bag down his throat. "My last meat", he thought.

He finally eased himself up on his feet and even though he felt wobbly, he realized that he, and he alone, controlled his destiny and that if he were going to survive he had to get food, water, and medical attention within the next thirty-six hours or so.

He walked slowly and much less confidently than before. Having studied folklore and folk medicine, he was able to gather some plant materials that were edible. He took frequent rests. Two days elapsed and during the whole time, the sun shone down mercilessly upon him. He came upon a small, still pond. Stripping his clothes off, he cooled himself in the pond, bathed his wounds, and lapped up the water like a dog.

He laid down to rest. Two hours later, his body was racked with convulsions and dysentery. The chest wound had spit it open and was now infected. The water he bathed in and drank was bad. The Leatherman lapsed into unconsciousness.

Several days later, a delirious Leatherman woke. He felt like he had been on an all-night drunk. He looked around, but his eyes could not transmit the necessary information to his brain.

"Where am I?", he thought, "I'm not in the woods any more. I don't see any trees."

The next day he woke again and again tried to process the information presented to him. A large figure loomed over him and broke into a big grin, "Brother Bear found you and carried you back. Welcome home, Leatherman!"

Epilogue: The Leatherman recuperated under the expert care of Bear. He was given a new buckskin. He returns every year in his buckskin Leathers to be with Bear.

HOW TO PLACE YOUR AD IN DEAR SIR:

We accept ads, and changes to ads, only in writing. Sorry, we cannot do this over the phone. Submit ads on the form on the facing page or a copy of it. If you can't bear to cut up your issue of *Drummer*, and can't make photocopies, send us a note and we'll mail you copies of the form.

Box Numbers: \$5.00 buys you a *Drummer* mail box for the life of the ad. Even after your ad expires, we will continue to forward replies forever—as long as we keep getting letters. (So, keep us posted if you move.)

Phone numbers: You can put your phone number in your ad for immediate response. **WE WILL ONLY PUBLISH VERIFIED PHONE NUMBERS.** Here's how to put your number in your ad.

Mail in your ad. (Don't forget to include the \$2.00 phone verification charge.) About two weeks after you mail the ad to us, you call us at (415) 252-1195, during business hours (10:00 am to 5:00 pm Pacific Time, Mon.-Fri.) Be at the phone number you are placing in your ad. We will call you back to verify the number. If we have not verified your number within three months, we will publish the ad with a box number instead of a phone number.

You only need to verify a phone number once. Once it has appeared in *Drummer*, just attach a copy of the printed ad to your new ad if you wish to use that telephone number again. We will not publish voice-mail service numbers in personal ads. Don't forget to include your area code.

What else? Put anything you want in your ad, except references to minors, animals, prostitution, or drugs.

Expect about a 60-day delay from the time we receive your ad to when it appears in print. Remember, it takes time for people to respond too. So, for example, if you're looking for Christmas presents, it would be smart to send us the ad at least 120 days before Christmas. Also remember replies by International mail may take longer than domestic mail.

HOW TO REPLY TO A DEAR SIR AD:

How to reply to a *Drummer* box number: Answering a *Drummer* box number is easy, but the few rules we have are hard and fast, so observe them or else. 1) Seal your letter in an envelope on which you have written the box number on the back flap in pencil. 2) Put your return address on the envelope if you wish the letter returned to you should there be some problem with delivery. 3) Put the proper postage on the envelope: domestic postage is 29 cents for the first ounce, and 23 cents for each additional ounce. Letters going to Canada and Mexico cost 40 cents for the first ounce, 23 cents for each additional ounce. Foreign overseas postage is 50 cents for the first half-ounce, 45 cents for the second half-ounce, and 39 cents for each additional half-ounce. 4) Put the sealed letter(s) and a buck (\$1) forwarding fee for each letter in another envelope, and mail it to: DESMODUS, INC., P. O. Box 410390, San Francisco, CA 94141-0390. Letters not properly prepared will be destroyed.

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service can not return undelivered mail without your return address. Keep in mind that people do move, and their needs and desires do change.

JOIN THE LEATHER FRATERNITY

Membership has its privileges: a 12-issue subscription to *Drummer* and a free 10-line classified ad (as measured on the grid order form) in *Drummer* that runs for 12 issues. Leather Fraternity members also do not pay for a box number or pay forwarding fees when they write to Dear Sir box numbers. Members may change their ads up to three times (non-members may not). A Leather Fraternity box number for your ad is included in the \$120 membership fee. And, from time to time, Leather Fraternity members are offered other benefits. * Leather Fraternity applies to "personal ads" only, no advertising or promotion for business or financial gain.

Add it up: A *Drummer* subscription costs \$70. A 10-line personal ad running 12 times would cost \$354. No mail forwarding fee? No box fee? So, even if you never use the forwarding service, you're saving at least \$328.00 by joining the Leather Fraternity. Do it.

Just use the grid order form on the facing page. Your subscription will begin with the next issue we ship, and your ad will begin usually two issues after that (there is always a 60-day delay from the time we receive your ad, or a change to an ad, and when it appears in print).

GAME LAD

Newcomer Lash brings a masculine body, a handsome face, and a ready rod. His Master Cougar Cash uses him unsparingly while withholding permission for the slave to shoot his head. Lash is put through more than half a dozen severely bound ordeals. He even endures the crawl, a cruel punishment of rigid iron suffered in heavy chains, sitting on cold concrete, skinning with cold. Master Cougar clearly enjoyed training Lash his way. A one hour color video from Tom "Ropes" McEck.

PURGATORY WEEKEND

Devon Jeffries is a newcomer who as instructed rides his motorcycle shirtless through the streets of San Francisco. On arrival his Master Cougar Cash removes the chain he had

locked on the lad's neck the past week. Cougar then takes his trembling lad, who is still sore from last week, down to the pits. What follows is non-stop bondage as Devon struggles to serve his Master. Eventually the slave must endure very tight long-term bondage positions. Full length video color. \$19.95

SPRING BREAK

Newcomer Christopher Valens is as sensual as he is beautiful. He had the good fortune to run into Cougar Cash, a man who knows how to handle nervous first-timers. Ripping the lad's clothes off and tightly binding him for service and submission. Cougar demands and achieves everything his slave boy can deliver. This is a very erotic non-stop bondage and domination feast. Full length video color. \$19.95

TRAIN UP A PIRATE

Christopher Valens' wake-up call comes early, when his Master David releases him from a locked closet in which he, naked and shackled, spent the night. A quick shower and a firming fitness are all that's allowed before the slave is put to use. What follows is half a dozen positions of tight rope bondage. Between positions the slave is kept gagged, chained, and caged. Christopher is not only beautiful but passionately turned on to his slavery. A one hour color video.

TO ORDER: Each tape is \$54.95 shipping & post. Check, money order, VISA/MC/MERCARD. California residents add 6.5% sales tax. All models are over 18 years, proof on file. Check off box next video title, plus add for the catalog, which is \$5.00 or free with purchase.

A watercolor illustration of a dense, tangled thicket of branches and leaves. The colors are primarily soft pinks, light reds, and muted browns, creating a delicate and somewhat ethereal atmosphere. The brushstrokes are visible, giving the impression of a soft, painterly texture. In the upper right quadrant, a small white bird is perched on a branch, facing left. The overall composition is abstract and focuses on the interplay of light and color within a natural setting.
